Welcome & Quick Start

Hi! I'm Starry Bunny, your child's dreamy sleep companion. Simply place me in the nursery, and I'll help create a soothing bedtime routine that makes falling asleep easier. Your peaceful nights are just a simple connection away!

Setting up your Starry Bunny is easy!

You will need:

★ The Starry Bunny and charger

★ Wireless network

★ Access to the internet

Tip:

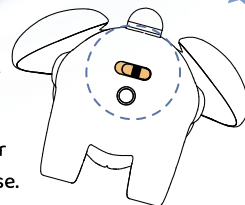

Keep the Starry Bunny close to your Wi-Fi during setup. A stronger connection means you can start sooner!

Basic Controls

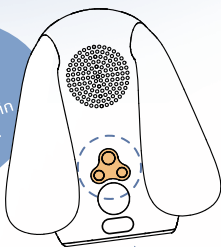

Place the Starry Bunny at a comfortable distance from your child's bed.

Powering On

Turn on your Starry Bunny by sliding the bottom switch from OFF to ON position. For best performance, we recommend keeping it connected to the power cord during use.

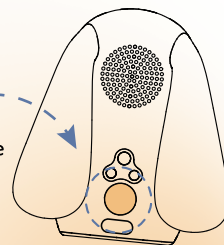

Choose soothing sounds or lullabies for bedtime. Find our sounds library in your Smart Life app.

Playing and Pausing

Press the "Play/Pause" button on the back to start or pause playback. Use the "Previous" and "Next" buttons to switch between tracks. You can also control playback through the App. When you turn on your Starry Bunny again, it will remember the last track played before powering off.

Volume Control

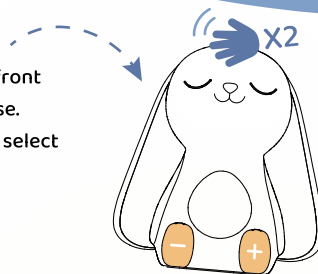

Adjust the volume by rotating the dial on the back of your Starry Bunny. Turn clockwise to increase volume and counterclockwise to decrease volume. For your child's hearing safety, we recommend setting age-appropriate volume limits in the App's Kids Mode.

For bedtime use, we recommend setting the kids mode for a soothing experience.

Light Control

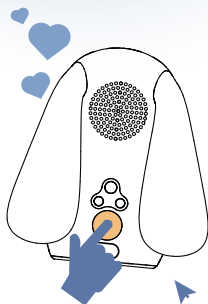

Double-tap the top touch area to turn the light on or off.
Adjust brightness by touching the paw-shaped sensors on the front panel - left paw to decrease brightness and right paw to increase.
For more customization, use the App to change light colors and select special lighting effects.

Favorites

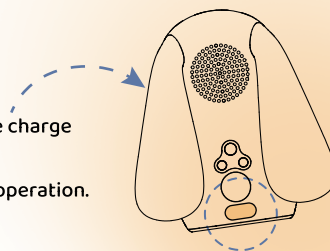

Easily access your preferred sound and light settings with Favorites Mode. This Feature allows you to store and quickly activate your most-used configurations for a consistent sleep environment.

- Activate or Switch Between Favorites: Short press the dial on the back of your device to activate or cycle through your saved favorites.
- Turn Off Favorites Mode: Long press the dial on the back of your device to exit Favorites Mode and return to standard operation.

Power Management

When the front display shows "Lo", the battery is running low - please charge promptly to ensure your child's bedtime routine isn't interrupted.
We recommend using the device while plugged in for uninterrupted operation.

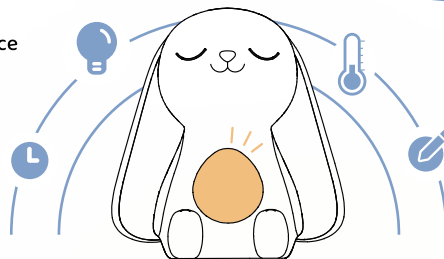

Display Features

The front display shows time, temperature, and device status information.

Through the App, you can:

- Turn the display on/off
- Customize what information appears
- Adjust display brightness

Tip: You can use Starry Bunny as part of your sleep training routine. Consistent audio cues help children recognize when it's time to sleep.

App Control

Welcome to your Starry Bunny - your child's bedtime companion! Setting up is quick and easy. You'll need a smartphone or tablet to get started, then peaceful nights are just moments away.

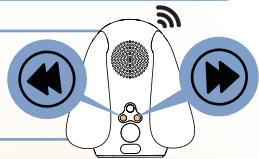

Getting Started

- 1 Download the free Smart Life app and follow the step-by-step guide to set up your Starry Bunny.

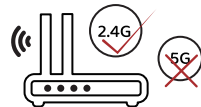

- 2 Hold Previous & Next for 3 sec until Wi-Fi flashes.

- 3 Tap the "+" in the top right > Add Device > Starry Bunny Sound Machine Night Light

- 4 Select your 2.4 GHz Wi-Fi, enter the password, and wait for pairing to finish.
Safety Note: Use WPA2-secured 2.4 GHz Wi-Fi only; 5 GHz is not supported.

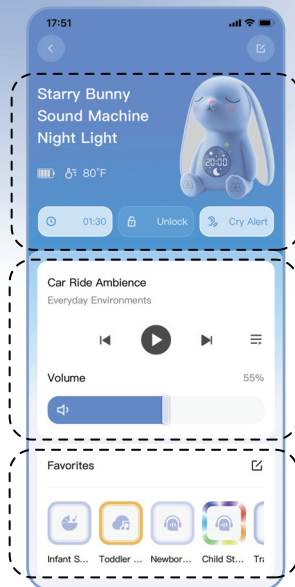

The device appears on Home > My Home. Tap it to open the control page.

Next Page

Overview

Top Bar

Device name, battery icon, room temp.
Timer, Lock status, Alert (cry detection) toggle.

Player Pane

Current track, ⏮ / ▶ / ⏭, volume slider (0-100 %).

Favorites

One-tap presets of sound and light.

Main Menu

- Sounds
- Kids Mode
- Light
- Top-Touch Controls
- Auto-Off Timer
- Cry Detection
- Alarm Clock
- Scheduled Actions
- Display Settings
- Child Lock

Sound Center

Libraries

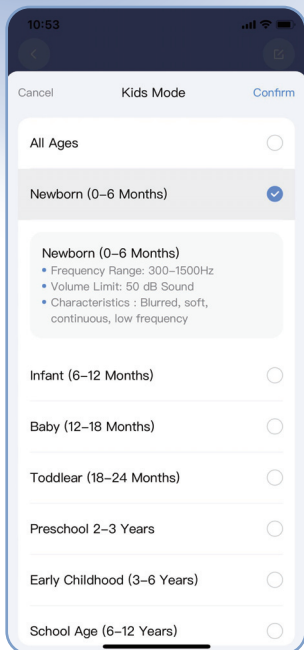

- White Noise & Soothing – white noise, fan, womb, shush.
- Natural Sounds – rain, ocean, forest birds.
- Lullabies & Melodies – gentle classics, music box tunes.
- Environmental – car driving, park ambience.

How to Use

- Tap Sounds › pick a category › tap a track to play.
- Slide the volume bar.
- Click the "Previous" and "Next" buttons to change tracks.

Kids Mode

Kids Mode now lets you pick an age-specific audio profile instead of a single newborn preset.

Open the device page

Tap Kids Mode

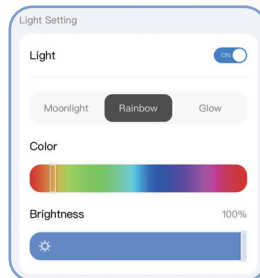

Choose a profile

Confirm

Light Center

Double click the physical top touch area to turn lights off instantly.

Change light mode via the tag, and adjust the brightness via the slider (recommend < 30 % at night).

Moonlight

night feeds / diaper changes

Rainbow

playtime / sensory

Glow

relaxation

Sleep Toolbox

Auto-Off Timer

15 / 30 / 60 / 90 / 120 min or custom. Shuts off sound + light.

Alarm Clock

Customizable wake-up routines that pair a gentle light with ring. Double click the physical top touch area to turn lights off instantly.

Cry Detection

Listens for fussing and reacts two ways:

- ① Notification – sends a push notification to your phone.
- ② Auto Soothe – automatically plays a preset sound & light combo to lull baby

Routines & Schedules

Create automated actions
For example, every night at 7:30 PM:
Go to Scheduled Actions > +.

Pick Time / Repeat Days.

Add actions:
Play Lullaby · Set Moonlight 20 % · Enable Kids Mode.
Save.

Perfect for travel too—set a temporary routine that mirrors home bedtime.

Parental Controls

Child Lock

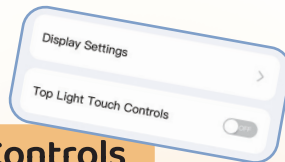

Disables physical buttons.

Display Settings

Control the screen brightness, animation, and display time (12/24h) or temperature (°F/°C) instantly for a calm or clear view.

Top Touch Controls

Turn off tap-to-light; app control only.

SAFETY GUIDE

Protecting Your Child & Your Starry Bunny

At MeWaii, we care about your child's safety as much as you do. This guide helps ensure a safe and enjoyable experience with your Starry Bunny, especially during bedtime routines.

⚠️ CRITICAL SAFETY ALERTS

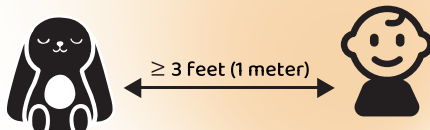

- **STRANGULATION HAZARD:** Always keep cords at least 3 feet (1 meter) away from cribs, beds, and out of children's reach;
- **NEVER** place Starry Bunny inside a crib or bed with your child;
- **ADULT SETUP REQUIRED:** This device must be configured and positioned by an adult;
- **CHOKING HAZARD:** Packaging materials are not toys - discard all plastic bags and tags immediately.

Everyday Safety for Sweet Dreams

- **Perfect Placement:** Position Starry Bunny 3-6 feet from your child's sleeping area on a stable surface
- **Sound Safety:** Keep volume at moderate levels (below 65 dB, approximately 50% volume) to protect developing ears
- **Cable Management:** Create a safe cable path that cannot be reached or pulled by curious hands
- **Regular Inspection:** Check for wear or damage to the device and cables before each use

Caring for Your Starry Bunny

- Always disconnect from power before cleaning
- Use only a slightly damp microfiber cloth for gentle cleaning
- Never use harsh chemicals or cleaning solutions
- Keep away from water sources and high humidity areas
- Regular gentle cleaning maintains hygiene for nightly use

FCC Warning Statement

- Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.
- This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
 - Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.
- This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
 - (1) This device may not cause harmful interference,
 - (2) this device must accept any interference received, including interference that may cause undesired operation.
- The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Safety instructions

Please note that the Starry Bunny is a sound machine with complicated technology inside. The Starry Bunny is designed for use at home and is not splash- or drip-proof. Keep the unit out of direct sunlight and away from any direct heat sources. Do not drop the unit on hard surfaces and do not expose the unit to excess moisture or immerse it in water.

**The Starry Bunny
must be set up by
an adult.**

Here are **A FEW TIPS** to get you started.

Sleep Support Troubleshooting:

We understand that bedtime is precious.
If you encounter any issues with your Starry Bunny:

Power Check First

- ★ Is the battery indicator showing "Lo"? Connect to power right away;
- ★ For unexpected shutdowns, ensure your Starry Bunny stays charged during use.

Connection Assistant

- ★ Verify your home network is operating on 2.4 GHz (not 5 GHz);
- ★ Position your Starry Bunny closer to your Wi-Fi router during setup;
- ★ Restart your router if connection issues persist.

Bedtime Continuity Plan

- ★ Keep a familiar book or small night light as backup;
- ★ Save your most-used settings as Favorites for quick access;
- ★ Remember: Your child's sleep routine is resilient - a single night's change won't disrupt their progress.

Frequently Asked Bedtime Questions:

Sleep Solutions: Your Questions Answered

Q: "My little one just fell asleep and Starry Bunny stopped working! Help!"

A: We've got you covered with our 10-second reset: Gently disconnect power, turn Starry Bunny upside down, and slide the switch from ON to OFF. Wait 10 seconds, then power back on. Your settings and favorites remain safe, and bedtime continues peacefully.

Q: "We're traveling next week. How can I ensure Starry Bunny helps maintain our sleep routine?"

A: Make Starry Bunny your sleep routine anchor! Before traveling:

- Fully charge for portable use (up to 22 hours of playback)
- Create a special "Travel" favorite with your child's preferred sounds
- Test offline mode before your trip to ensure everything works perfectly
- Pack in your carry-on luggage for immediate access upon arrival

We're Here For Your Family's Sleep Journey
