

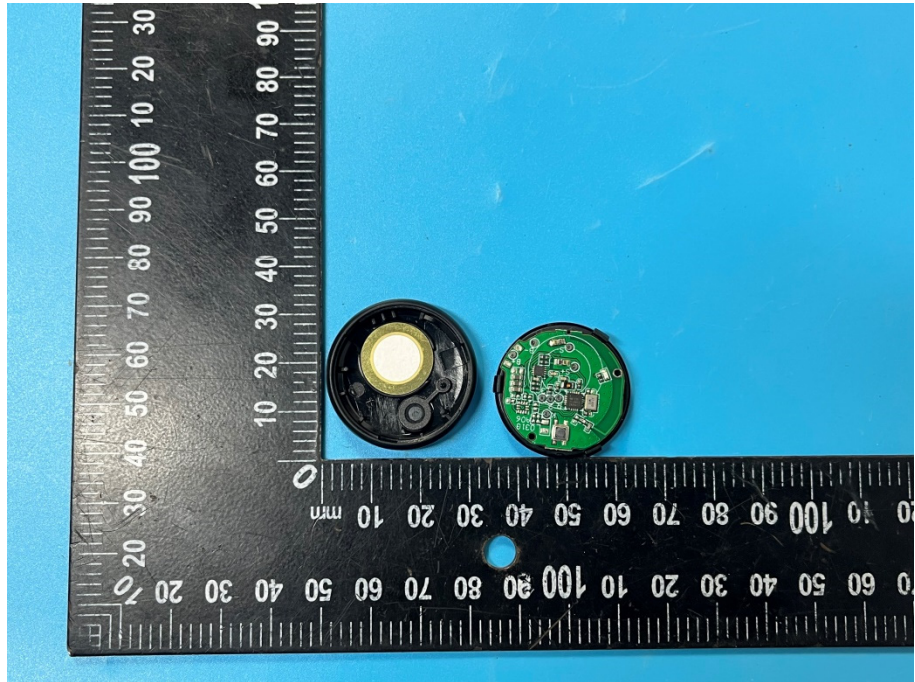

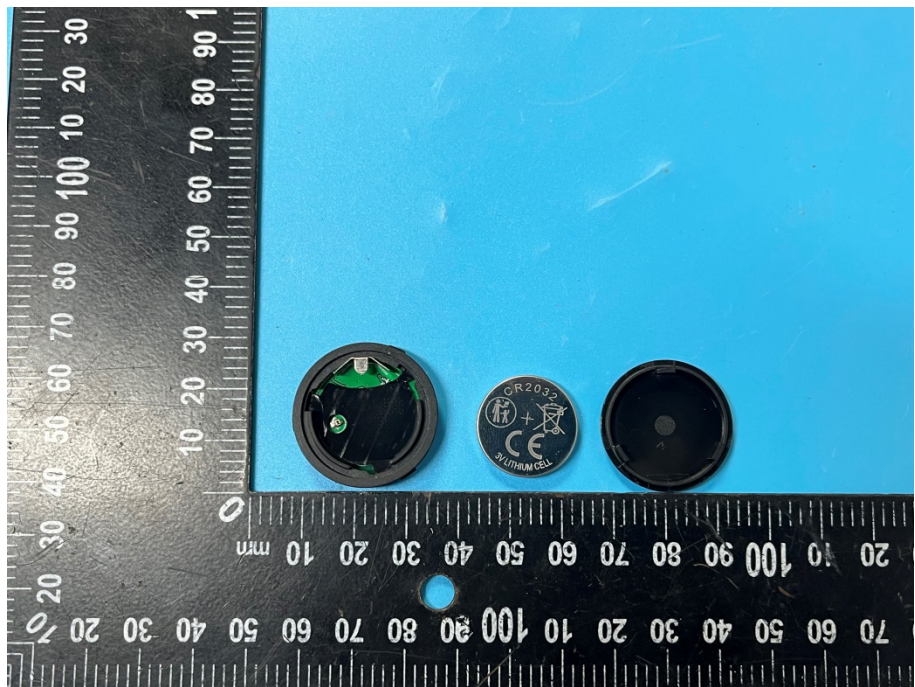

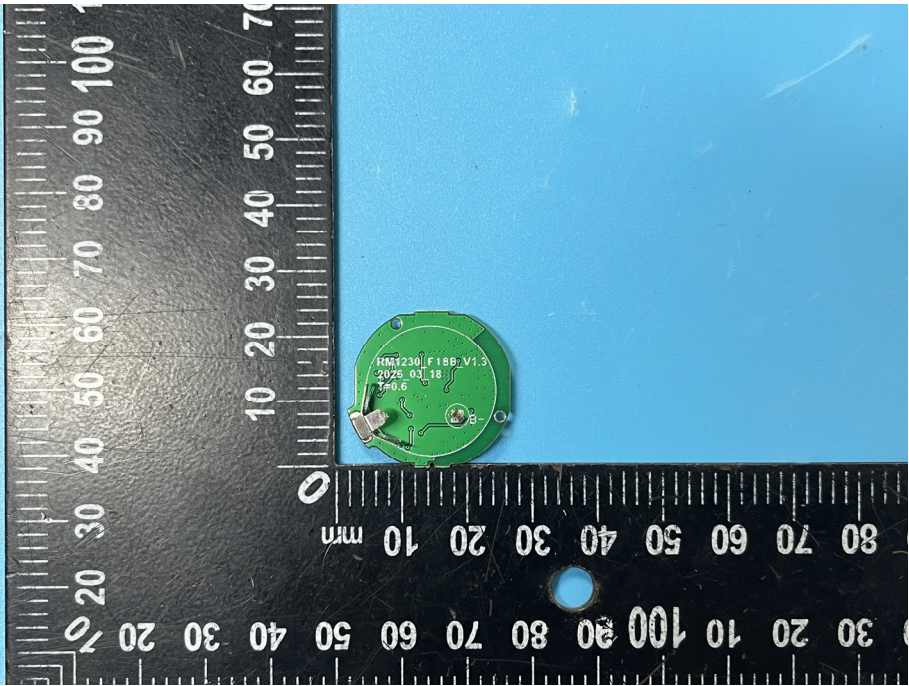

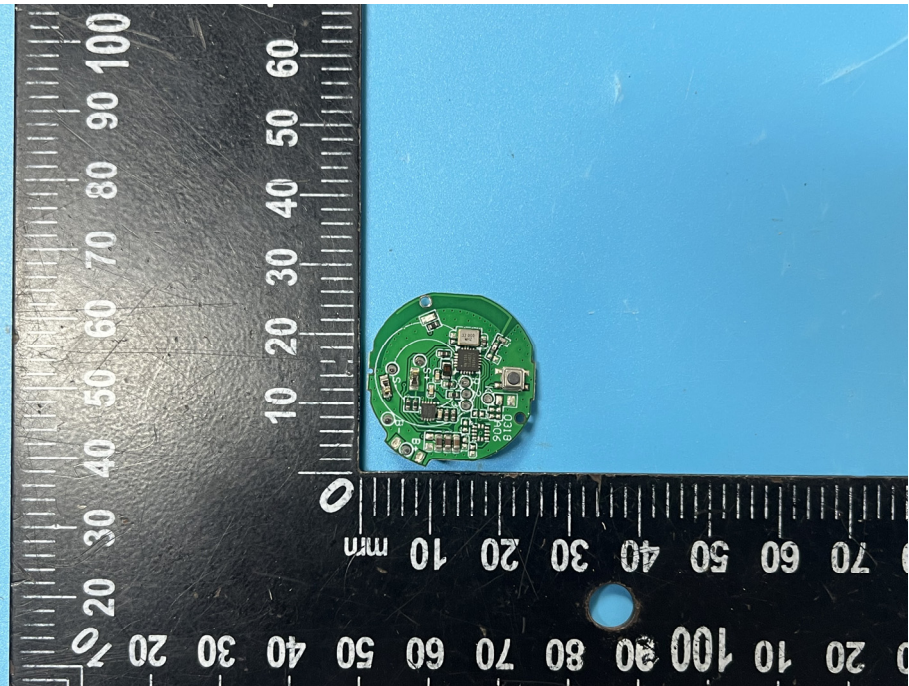

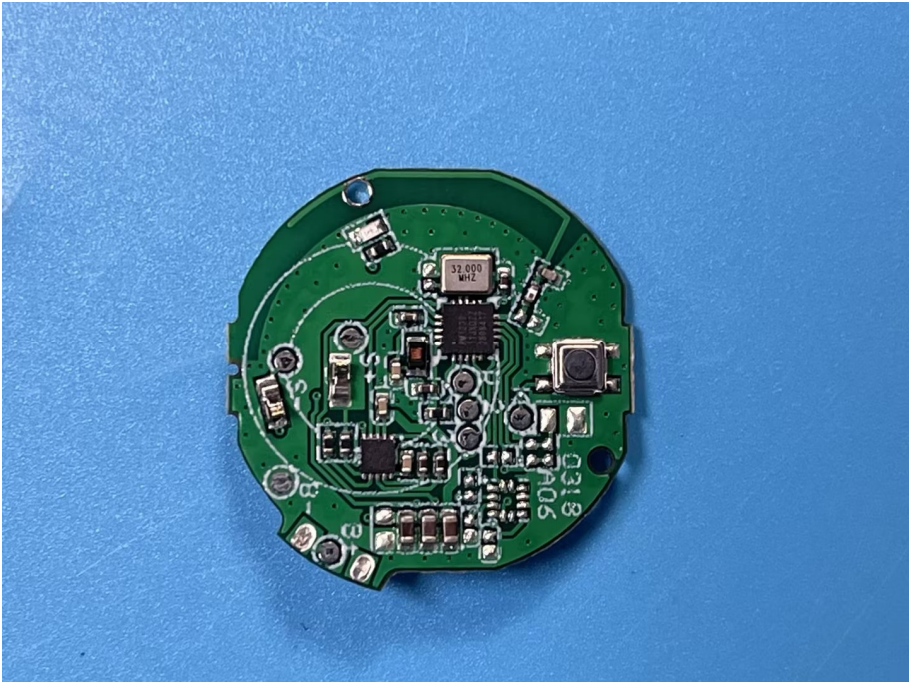

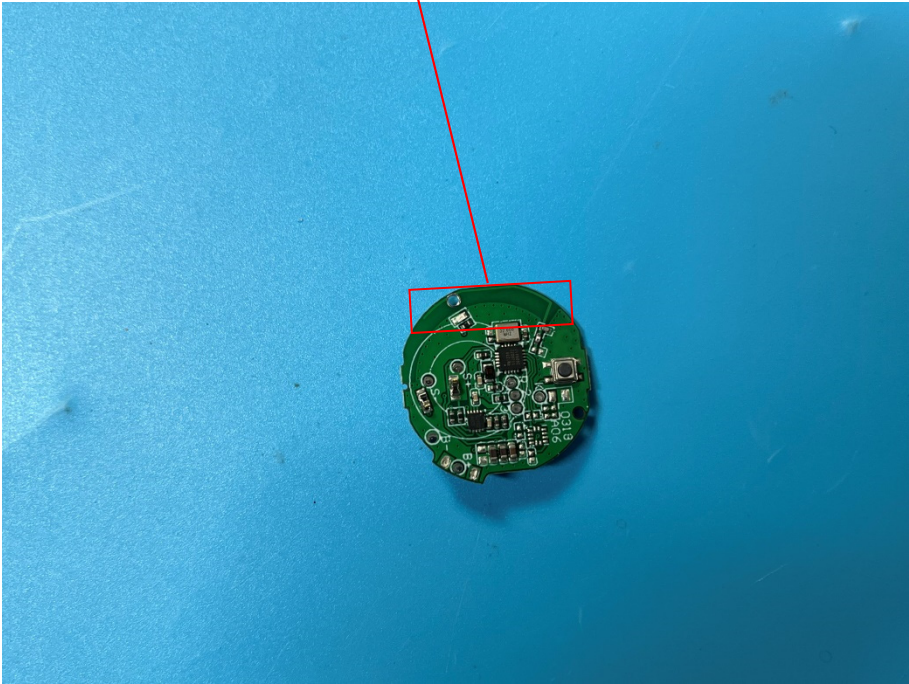

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS**EUT Housing and
Board View 1****EUT Housing and
Board View 2**

Solder Board-Component View 1	 A photograph of a circular green printed circuit board (PCB) component, labeled 'HM1230 F188 V1.3 2025 03 18 148.6', positioned next to a black metric ruler. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10). The component is placed on a blue surface.
Solder Board-Component View 2	 A photograph of the same circular green PCB component from a different angle, showing the underside with various electronic components and solder joints. It is positioned next to the same black metric ruler on a blue surface.

Solder Board-Component View 3	 A top-down view of a circular green printed circuit board (PCB) mounted on a blue surface. The board is populated with various electronic components, including a central black integrated circuit (IC), several smaller surface-mount components, and a silver-colored component labeled '32.000 MHz'. The board has a complex layout of copper traces and solder points.
Antenna View	Bluetooth Antenna  A top-down view of the same circular green PCB, similar to the first image. A red rectangular box highlights a specific area on the board, which is identified by a red line pointing to a label 'Bluetooth Antenna' in a red-bordered box above the image. The highlighted area contains a small, rectangular component, likely the Bluetooth antenna.
