

The top of the machine

DPS2400L-C

Portable Power Station

Capacity: 40Ah/51.2V(2048Wh)

Total output power: AC 2400W + DC 410W

AC output (x4): Rated power:2400W (peak4800W),120V,60Hz

USB-A output (x2): 5Vdc, 2.4A, total 24W

USB-A Quick Charge (x2): 5V, 3 A, 9V,2A,12V,1.5A, total 36W

Type-C output (x2): 5V,9V,12V,15V,3A, 20V, 5A, total 200W

Vehicle charging and DC6514 output (x2): 12V, 10A, and 12V,5A total 120W

AC charging input voltage:120V,60Hz , MAX.10A

AC charging input Power: 1800W

Solar charging input: 12-60Vdc, Max.1200W

Charging temperature : 0°C ~40°C (32°F~104°F)

Discharge temperature : -10°C ~40°C (14°F~104°F)

Chongqing Dajinag Power Equipment Co.,LTD

Wireless charging:15W

2026-01

FCC ID: 2BQTM-DPS2400L

Contain FCC ID:2ANDL-CBU

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
• This device may not cause harmful interference.
• This device must accept any interference received, including interference that may cause undesired operation.
