✦ Using DREAM Sound source

Its core using the French top DREAM sound source digitized sampling, brings realistic hearing experience for your performance.

✦ 88 progressive hammer keys

88 progressive lever hammer keyboard, Give you the real touch of playing on a grand piano.

✦ Headphone socket

External headphone socket. It is easy to play without affecting others.

Picture of body socket

1.Piano Connection Interface Panel

Socket Location

1.Operating Voltage:Input Voltage Range DC9V~12V。

2.Indicator Light: Press Power On,is lighting.

3.The headphone Jack : Connect the headphone will cut off the output of the speaker automatically, it won't affect others when playing .

4.Audio Input or Output : Input to play songs , Output to connect the Sound Equipment.

5.Sustain Pedal: this product has sustain sound pedal function, when using please according to the need to step on the pedal.

6.MIDI port : use data cable to connect computer, mobile phone or ipad to open corresponding software can use MiDI function,transmit and receive MiDI signal.

7.Three-pedal pedal: can be connected with the three-pedal function (grand piano) to meet the needs of the customers on different occasions to play

Body assembly

Ensure that all parts are complete during installation.
The owner and/or operator must read this installation contents before using the instrument.

1. Music Stand Installation

2. Installation

- ❶ Left and right supporting plate
- ❷ Fixed plate beam
- ❸ Body
- ❹ tip screw (M5×60 = 4 PCS)
- ❺ Log bolt (8×30 = 4 PCS)
- ❻ screw (M6×18 = 4 PCS)
- ❼ music stand
- ❽ Pedal
- ❾ round head screw (6×50=4PCS)

Operation Guide

1.Voice

This product has 238 kinds of timbre, which can be freely chosen by users;

▲Simple choice of timbre:

By default, the tone selection state is used when the device is powered on. You can directly press and hold "Function".Key + keyboard "E2 or F2" combination to achieve "- or +" switch, achieve the function of different timbre.

2. Stop recording by short pressing the "RECORDER" key of the function panel;
3. Play the recording by short pressing the "REC.PLAY" key in the function panel.

Product Care

Conscientiously do a good job in the maintenance and protection of this product. It plays an important role in prolonging the service life and reducing faults.

1.Avoid heat, dampness, or direct sunlight.

The product should not be exposed excessively to the direct sunlight, placed near the air conditioner or extremely hot places.

2.No use near TV or radio.

This product may cause video or audio interference to the reception of TV and radio. If this happens, it should be removed from the radio or TV products.

3.Don't use paint, diluent or similar chemicals to clean it.

Wet a soft towel with weak solution and detergent and wring it out until it dries. Clean the product with this towel.

4.No shaking and collision.

The product should be moved carefully. Violent shake and collision are prohibited to avoid damaging the shell or internal electronic components.

Specifications

KEY:88	Intonation: ≤ 3 Cent
Range: A2~C5	Output power: $\geq 6\text{w} \times 2$
Style: vertical piano	Power source parameter: DC 12V 3A 50/60HZ

Precaution

Power Supply

This product can be supplied by standard indoor wall socket, please use only the power cord specified by this product. When you do not use, please be sure to turn off the power supply, If you do not use it for a long time, please pull out the power cord and keep it properly.

Sign

In order to ensure that you are safe and correct use of this product, to prevent damage to the user and other people, and to the financial damage, the specification and the product marked with a series of safety signs. All kinds of signs and their meaning.

Warning

This sign indicates that, if you ignore the flag and error operation of this product, there is a potential risk of death or serious injury to personnel.

Attention

This sign indicates that, if you ignore the flag and the wrong operation of this product, there is a potential risk of injury or other financial damage caused by personnel.

Logo example

This triangle mark indicates that the user should pay attention to the matters. (left case is be careful electric shock)

The circular sign painting a slash said prohibited matters. The icon in the logo or next to the specific content of the ban. (left case is no disassemble)

Black dots indicate matters must be complied with. Icon in this sign indicates the specific content that must be followed. (left case is the power plug must be pulled out of the socket)

Warning

Smoke, odor, overheating

When the product is smoking, emitting odors or overheating, it continues to be used to cause fire and electric shock. In the event of such a situation, the following operations shall be carried out immediately.

1. turn off the power supply.
2. pull the plug from the power outlet.
3. contact your agency.

Power cord

● Improper use of power supply leads to danger of fire and electric shock. Must observe the following precautions.

● Special power lines specified for this product must be used.

● An AC power source with output voltage within the household rated voltage must be used.

● It is not allowed to overload the power socket and the power extension line.

● Improper handling of power lines, resulting in damage or rupture of the fire and the risk of electric shock. Must observe the following precautions.

● Do not place heavy objects on the power line or make them heated.

● Do not attempt to transform the power cord or bend it too much.

● Do not twist or pull the power cord.

● If the power cord or plug is damaged, replace the power cord of the same type.

● Do not use wet hands to touch the power cord and plug, otherwise there is a risk of electric shock.

● Please use the power cord in the place where the water will not be spilled. Water has the risk of fire and electric shock.

● Never put a vase or any other container with water in this product. Water has the risk of fire and electric shock.

● Do not let the minor contact plug and power line or a connecting plate. Minor knowledge of useless electricity safety causes danger of electric shock.

Attention

● Improper use of power supply leads to danger of fire and electric shock. The following matters of attention must be observed.

● Do not place the power cord near the furnace or other heat sources.

● Unplug the power cord from the power outlet. Must grasp the plug body.

● Plug the power cord into the power socket.

● Before connecting or cutting off the power cord, make sure that the power is off.

● The power cord should be removed from the electrical outlet of the wall before a thunderstorm occurs or traveling or before other long leave.

● At least once a year, unplug the power cord from the wall outlet and clean the dust around the plug.

Don't burn this product

Do not put this product into the fire, otherwise it will cause the burning of wood products and the explosion of the internal electronic components. There is a danger of fire and personnel injury.

Water and foreign matter

Water and other liquids and (metal) into this product has the risk of causing fire and electric shock. The following operation should be performed immediately when the above situation occurs.

1. turn off the power supply
2. if the power cord is used for power supply, it will be pulled off from the wall of the power outlet.
3. contact your dealer.

Dismantling and rebuilding

Do not disassemble this product or transform it in any way. Otherwise it will be hazardous to electrical shock, burns or other personal injury. All internal inspection, adjustment and maintenance operations should be entrusted to your dealer.

Drop or impact

This product is subject to the risk of fire and electric shock after falling or being subjected to a strong impact. The operation should be performed immediately following the above mentioned situation.

1. turn off the power supply.
2. if the power cord is used for power supply, it will be pulled off from the wall of the power outlet.
3. contact your dealer.

Plastic bag

Do not let any person put the plastic bag on the head or put in the mouth. Otherwise there is the risk of suffocation. The children's families should pay special attention to.

Keep the distance with the product and support.

Climb the body or its support is in danger of tipping or damage. The children's families should pay special attention to.

Display

You should avoid placing this product on an uneven surface or any other unstable place. Otherwise, it will cause the product to fall and cause the risk of injury.

Product movement

Before moving this product, you must first pull off the wall of the power outlet, the power cord plug and pull off all other cables and connecting wires. Otherwise there will be damage to the line, resulting in fire and electric shock hazard.

Clean

Before you clean this product, you must first remove the power cord from the wall outlet, otherwise there is a risk of fire and electric shock.

Interface

On the interface of this product can only be connected to the specified equipment and devices. The connection of non designated equipment or devices have the risk of fire and electric shock.

Location selection

Should avoid placing this product in the following places. Otherwise there will be a risk of fire and electric shock.

- The place with high temperature or dust.
- The kitchen or other places with oil fumes.
- A place where direct sunlight is irradiated. Or any other place where the product will produce high temperatures.

Volume

Do not play music for long periods of time. Special attention should be paid to the use of headphones. The volume is too high will damage your hearing.

Heavy objects

Do not place heavy objects on the product. Otherwise, the top of the product will be overloaded, causing the product to fall over or cause the object to fall.

The correct assembly of the support

Support incorrect assembly will make it overturned, causing the product drop. There is a risk of injury to personnel.

Therefore it is necessary to carry out the instructions in accordance with the instructions provided to ensure that the product is proper.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction

This symbol means the product must not be discarded as household waste, and should be delivered to an appropriate collection facility for recycling. Proper disposal and recycling helps protect natural resources, human health and environment. For more information on disposal and recycling of this product, contact your local municipality, disposal service, or shop where you bought this product.
