Indicator Light

Blue	Charging
OFF	Fully Charged

Create Your Gazing account

1. Scan the QR code provided with the product or search for **Gazing** in the Apple App Store or Google Play. Download and install the app.

Gazing

Android/iOS App
Download

2. Open the app on your phone and tap **Sign up**.

4. Open the **activation email** from Gazing and follow the link to verify your account.

A screenshot of a mobile app interface titled 'Welcome Sign up'. It features the Gazing logo in the top right corner. Below the title, there are three input fields: 'Email Address', 'Confirm Email Address', and 'Password'. At the bottom, there are two buttons: a large blue 'Sign up' button and a smaller white 'Log in' button with a blue outline.

5. Re-open the app, enter your email address and password, and tap **Log in**.

6. Allow notifications if you want motion alerts on your phone.

Set up your camera in the app

1. Press the **power button** to turn on the camera.

2. Open the **Gazing** app and **sign in**.

3. Tap the “+” button in the bottom-right corner.

4. Scan the **QR code** on the device.

5. When the app displays “**Make sure your device is powered on,**” tap **Yes**.
6. Allow 30 seconds to 3 minutes for the camera to connect to the 4G LTE network during first setup.
7. When the app confirms the device is online, setup is complete.

Install Your Camera

1. Clean the mounting surface and let it dry completely.
2. Peel off the white liner on the back of the mount.
3. With the magnetic plate **facing up**, press the mount firmly onto a smooth, flat surface for 30 seconds.

4. Place the camera on the magnetic plate. It attaches magnetically.

5. Adjust the angle, then open the app to check the live view.

Frequently Asked Questions

1. How can I share the device with family members?

Open the app and tap on Settings. From there, you can share the device via QR code or email, and even transfer ownership of the device. The new user must first download the app and create their own account.

2. Why can't I change the settings?

Only the owner account can change settings, delete videos, and share the device. Shared accounts do not have these options.

3. How many users can view the device at the same time?

The owner account can share the device with up to 8 other accounts. Up to 3 users may view the video feed at once, but only 1 user can use the intercom.

4. Why is the camera offline?

If the camera is offline, it means it is disconnected. If the battery is depleted, you will need to recharge it.

5. How can I enable notifications on my phone?

- 1) Open the app. From the Device page, tap the Settings icon, then tap the Motion Detection icon. Here, you can choose whether to turn Motion Alerts on or off.
- 2) Open your phone's settings. Navigate to "App Management" and "Notification Settings," then locate the app. Ensure all permissions and notifications are enabled for the app.

6. Does this device come with a SIM card, or do I need to buy one separately?

The device has a built-in 4G LTE SIM card, so you don't need to buy or insert one yourself. It's ready to use right out of the box. The SIM card is not removable – it's built in to keep the connection stable and setup easy.

Contact Us

If you require further assistance, feel free to reach out to our support team. Email us at service@gazing.cc or use the app's support feature. Please include your product's model and the retailer's name. Thank you.

FCC Statement

Product Name: Security Camera

Model: GP01

FCC ID: 2BR3K-SECCAM-GP01

Power supply: Rechargeable Li-ion Battery DC 3.7V

Manufacturer: HK EKO ELECTRONICS LIMITED

Address: FLAT/RM 114/F HENLEY INDUSTRIAL CENTRE, 9-15 BUTTE STREET, MONG KOK KL, HONGKONG, China

Information to User

Important: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

FCC Statement

Old electrical appliances must not be disposed of together with the residual waste, but have to be disposed of separately. The disposal at the communal collecting point via private persons is for free. The owner of old appliances is responsible to bring the appliances to these collecting points or to similar collection points. With this little personal effort, you contribute to recycle valuable raw materials and the treatment of toxic substances.
