IMPORTANT SAFETY INSTRUCTIONS

• This lightning flash with an arrowhead symbol within an equilateral triangle is intended to alert the user to the presence of non-insulated "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock.

• The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance instructions in the literature accompanying the appliance.

Please store this instruction manual for future reference.

- **WARNING:** To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture. The apparatus shall not be exposed to dripping or splashing, and objects filled with liquids, such as vases, shall not be placed on the apparatus.
- **WARNING:** The direct plug-in adapter is used as a disconnect device; the disconnect device shall remain readily operable.
- **WARNING:** To reduce the risk of electric shock, do not remove the cover (or back) as there are no user-serviceable parts inside. Refer servicing to qualified personnel.
- **Correct Disposal of this product.** This marking indicates that this product should not be disposed with other household wastes throughout the EU. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. To return your used device, please use the return and collection systems or contact the retailer where the product was purchased. They can take his product for environmentally safe recycling.
- No naked flame sources, such as lighted candles, should be placed on the apparatus.
- Do not use this product near water or moisture.
- Clean only with a dry cloth.
- Unplug this product from the wall outlet before cleaning.
- Place the unit on a solid surface.
- Do not put it in a closed bookcase or a cabinet that may keep air from flowing through its ventilation openings.
- Do not install near any heat sources, such as radiators, heat registers, stoves or other appliances that produce heat.
- Protect the power cord from being walked on or pinched, particularly at plugs and the point where they exit from the product.
- Servicing is required when the product has been damaged. Do not attempt to service this product yourself. Opening or removing covers may expose you to dangerous voltages other hazards. Please contact the manufacturer to be referred to an authorized service center near you.
- To prevent risk of fire or electric shock, avoid overloading wall outlets, extension cords, or integral convenience receptacles.
- Do not let objects or liquids enter the product.
- Use proper power sources. Plug the product into a proper power source, as described in the operating instructions or as marked on the product.
- In the rare event you experience an error, unplug the power cord for 60 seconds and then plug it back in firmly.

5. User Manual ×1

6. Quick Start Guide ×1

TOP VIEW

- 3 7 Adjust time (time mode, alarm mode) & Bluetooth Naming Setting.
- 6 Automatically stops playback (Ambient Soundscapes / Bluetooth / AUX) when the countdown ends.

FRONT VIEW

BACK PANEL

GETTING STARTED

Jamo HYG Reflect is a digital alarm clock equipped with a Bluetooth speaker, Ambient Soundscapes, 3.5mm AUX input, and a playback countdown timer. It supports both wired and wireless charging for smartphones or other compatible devices.

Important Notes:

- Bluetooth and Line-In/AUX audio cannot be used as alarm ringtones.
- The device operates only when connected to a power adapter.
- Wired and wireless charging functions also require the adapter to be connected.
- Wireless charging is only applicable to devices that support wireless charging.
- Wireless charging speed may decrease if the phone has a thick case or the charging coil is misaligned.

HOW TO USE

On/Off/Mode

Power On: Automatically powers on when the adapter is connected.

Clock Mode

Time Setting:

- Press the SET TIME button (back of device).
- Use + / - to set time.
- Press “Play” to toggle between hours and minutes.
- After 5 seconds of inactivity, the setting is saved.
- Once Bluetooth is connected, the clock will auto-sync with your phone's time.

Note:

*Long-press SET TIME to toggle between 12-hour and 24-hour display.

*PM will show on-screen in 12-hour mode.

Aux/Line-In Mode

- Connect your device to the AUX input using a 3.5mm audio cable.
- Short-press “AUX” to switch to Line-In mode.
- Use + / - on both the speaker and your device for the best volume control

HOW TO USE

Bluetooth Mode

Before pairing, make sure your device supports Bluetooth and that your device is not connected to another Bluetooth product. Some devices may pair differently. Below is a general guide.

- Long-press "Bluetooth" to enter pairing mode (flashing light).
- Connected: Icon stays solid.
 - On your phone, select "Jamo HYG Reflect XXXX" from the Bluetooth list.
 - Once connected, the Bluetooth icon will stay solid. * The clock will auto-sync with your phone's time.
- You can start listening to your music wirelessly.
 - Play / Pause: Short-press "Play"
 - Next Track: Double-press "Play"
 - Volume: Use your phone or the + / - buttons on the device (Volume stays in sync between devices)

Set Alarm

Alarm setting

- Short-press "Timer" to enter alarm setting mode - the LED display will flash.
- Use + / - to set the alarm time.
- Short-press "Play/Pause" to switch between hour and minute.
- Settings save automatically after 5 seconds.

Note:

* Make sure the rear Alarm Switch (back of device) is set to ON.

The alarm icon will appear on the screen.

* If the switch is OFF, the alarm won't ring (even if the alarm has been set) until the rear alarm switch is set to ON.

HOW TO USE

Stop Alarm / Snooze

- To snooze: Short-press "Snooze" to delay the alarm. Press again to adjust snooze duration.
- To stop the alarm: Long-press "Snooze"

Note:

- * While snoozing, the remaining snooze time is displayed.
- * Short-press "Timer" to check the current time.

Countdown Timer

- Long-press "Timer" until the screen flashes.
- Short-press Timer to adjust the time: 00 / 15 / 30 / 60 minutes
- 00 = Off
- The countdown begins after 5 seconds of no input.

Note:

- * While snoozing, the remaining snooze time is displayed.
- * Short-press "Timer" to check the current time.

Ambient Soundscapes

- Short-press to start the ambient soundscapes.
- Press again to switch to the next track.
- ambient soundscapes stops if the countdown ends or the power button is pressed.

HOW TO USE

Wireless / USB Charging

- **Wireless Charge:** The Jamo HYG Reflect is equipped with a wireless charging zone that is compliant with the Qi specification.
- **Wired Charge:** USB-C port supports up to 5V 2A output.

Brightness Control

- Short-press "Ambient Light" to cycle through brightness levels (0%–100%)
- All black mode:
 - Manually turn off the ambient light.
 - All other lights will automatically turn off after 40 seconds of no use.

Bluetooth Naming Setting

- Long-press "Ambient Light" for ~10 seconds until the display flashes.
- Use +/- to change each character.
- Short-press "Play" to move to the next digit.
- Auto-saves after 5 seconds of inactivity.

Note:

* To update the name on your phone, forget and re-pair.

Weight (Packaging included): 1.3kg

Specifications are subject to change without notice

PRODUCT DISPOSAL INSTRUCTIONS (WEEE DIRECTIVE)

WEEE NOTICE

Note: This mark applies only to countries within the European Union (EU) and Norway. This appliance is labeled in accordance with European Directive 2012/19/EU concerning waste of electrical and electronic equipment (WEEE). This label indicates that this product should not be disposed of with household waste. It should be deposited at an appropriate facility to enable recovery and recycling.

EU / UK COMPLIANCE INFORMATION

Operation frequency band (Bluetooth): 2402 MHz - 2480 MHz

Max. transmitted RF power < 10 dBm

Simplified EU Declaration of Conformity

Hereby, Jamo Holding Limited, declares that this product is in compliance with Directive 2014/53/EU.

The full text of the EU declaration of conformity is available at the following internet address: www.jamo.com

ISED STATEMENT

This device complies with Innovation, Science and Economic Development Canada licence-exempt RSS standard(s).

Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference, including interference that may cause undesired operation of the device."

Cet appareil est conforme aux normes RSS exemptées de licence d'innovation, sciences et développement économique Canada.

Le fonctionnement est soumis aux deux conditions suivantes:

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement."

Battery Safety Information

- a) Remove and immediately recycle or dispose of used batteries according to local regulations and keep away from children. Do NOT dispose of batteries in household trash or incinerate.
- b) Even used batteries may cause severe injury or death.
- c) Call a local poison control center for treatment information.
- d) Compatible battery types CR2032
- e) Nominal battery voltage 3V
- f) Non-rechargeable batteries are not to be recharged.
- g) Do not force discharge, recharge, disassemble, heat above (manufacturer's specified temperature rating) or incinerate. Doing so may result in injury due to venting, leakage or explosion resulting in chemical burns.
- h) Ensure the batteries are installed correctly according to polarity (+ and -).
- i) Do not mix old and new batteries, different brands or types of batteries, such as alkaline, carbon-zinc, or rechargeable batteries.
- j) Remove and immediately recycle or dispose of batteries from equipment not used for an extended period of time according to local regulations.
- k) Always completely secure the battery compartment. If the battery compartment does not close securely, stop using the product, remove the batteries, and keep them away from children.

FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Warning

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

FCC and ISED Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

This equipment complies with ISED radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 10cm between the radiator & your body.

Cet équipement est conforme aux limites d'exposition au rayonnement FCC et ISED établies pour un environnement non contrôlé, cet équipement devrait être installé et exploité avec une distance minimale de 10cm entre le radiateur et. Votre corps.
