For More Information

If you encounter any problems while using your device, you can obtain help from the following resources:

- Go to Settings and enter the following keywords in the search box to view the corresponding information. E.g. Legal information, Safety information, Authentication info, Regulatory information.

Operation and Safety Information

Please read all of the safety information carefully before using your device to ensure its safe and proper operation and to learn how to dispose of your device properly.

- To prevent possible hearing damage, do not listen at high volume levels for long periods.
- Using an unapproved or incompatible power adapter, charger or battery may damage your device, shorten its lifespan or cause a fire, explosion or other hazards.
- Ideal operating temperatures are 0 ° C to 35 ° C. Ideal storage temperatures are -20 ° C to +45 ° C.
- When charging the device, make sure the power adapter is plugged into a socket near the devices and is easily accessible.
- Unplug the charger from the electric socket and from the device when not in use.

- Keep the battery away from fire, and do not disassemble, modify, throw, or squeeze it. Do not insert foreign objects into it, submerge it in water or other liquids, or expose it to external force or pressure, as this may cause the battery to leak, overheat, catch fire, or even explode.
- This device contains a built-in battery. Do not attempt to replace the battery by yourself. Otherwise, the device may not run properly or it may damage the battery.

Disposal and Recycling Information

The symbol on the product, battery, literature, or packaging means that the products and batteries should be taken to separate waste collection points designated by local authorities at the end of the lifespan. This will ensure that EEE waste is recycled and treated in a manner that conserves valuable materials and protects human health and the environment.

RF Exposure Information

For the countries that adopted the SAR limit 1.6 W/kg over 1 gram of tissue. The device complies with RF specifications when used at a distance of 0 cm from your body.

Body Worn Operation

The device complies with RF specifications when used at a distance of 0 cm from your body. Ensure that the device accessories, such as a device case and device holster, are not composed of metal components. Keep the device away from your body to meet the distance requirement.

Restrictions in the 5 GHz band

The device for operation in the band 5150 - 5250 MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems.

FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference.
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following

measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio/TV technician for help.
