Model name(HVIN)	Yes	Yes	Yes

Images of the e-label screen are provided below:

AVINOX

B. Users are able to access the information in no more than three steps

in a device's menu. The actual steps are:

In manual:

View E-label

Swipe up from the bottom of the home screen to enter Settings, tap General > select Compliance Info

How to view the E-Label

Refer to the following steps to view the complete authentication information.

Step 1: Swipe up from the top of the screen

Step 2: Click "General"

Step 3: Click "Compliance info"

Compliance information

1. No special access codes or permissions are required to go through the above steps beyond entering a user-defined password to protect against unauthorized access to the device.
2. The information is stored on the device, no special accessories or supplemental plug-ins (e.g., aSIM/USIM card) are required to access the information. Devices do not require special accessories or supplemental plug-ins to access the information.
3. The FCC ID, warning statements, or other information must be displayed electronically in a manner that is clearly legible without the aid of magnification.
4. Users are provided specific instructions on how to access the information. The

AVINOX

information is provided in the User manual.

C. Labeling for Importation and Purchasing

Products utilizing e-labels are required to have a physical label on the product at the time of importation, marketing and sales. For devices imported in bulk and not packaged individually, a removable adhesive label or, for devices in protective bags, a label on the bags is acceptable for this purpose. Any removable label shall be of a type intended to survive normal shipping and handling and must only be removed by the customer after purchase. For devices imported already in individual packages ready for sale, the information may alternatively be provided on the package. It shall contain:

- 1.The FCC ID and/or the FCC logo (if applicable); and
- 2.Any other information required by specific rule to be provided on the surface of the product unless such information is permitted to be included in the User's manual or other packaging inserts.

The FCC ID is printed on the package.

D. Other considerations

1. The above information must be programmed by the responsible party and the information must be secured in such a manner that third-parties cannot modify it.
---The e-label information is pre-programmed by the grantee. The user cannot modify the e-label information.
2. All the applicable regulatory information required on the packaging or user instructions must be provided according to the rules even if it is displayed electronically.
---The information required by the applicable FCC rule exists in the user manual.
