

5

When the battery level is low, the red light breathes for seconds, and the low battery icon is displayed on the screen. Connect the charging cable to your device. While charging, the screen will display a charging icon for 3 seconds.

Charging Your Talenpal Player

When powered on, press the "Wow" button located below the screen to play a random sound effect. The screen will simultaneously show a matching icon.

Explore Amazing Sounds

Put your Talking Talens or Creative Talens on the stage. Briefly press the Chat Button to enter "Chat Freely Mode" where you can openly talk and switch topics with your Talens. To exit, press the Chat Button again. Alternatively, press and hold the Chat Button to speak, then release when you've done. Your Talens will respond with a more focused reply. To stop chatting in this mode, press any button (except the Chat or Volume buttons).

Chatting Mode

In story mode, twist the knob to browse chapter numbers on the screen. Press the knob and jump to the selected chapter.

Track Selection

4

The volume button is on the bottom right side of your Talenpal player. Press the raised side button to turn the volume up, and press the dimpled side button to turn it down.

Turning the Volume Up and Down

Playing and Pausing

Put your "Talens" on the top-right stage to start story mode - green light glows for 1 seconds, character greets you and story begins. Remove "Talens" or press the knob on the right side to pause - yellow light stays on. Put it back or press the knob again to continue the story from where you left off.

HOW TO USE YOUR TALENPAL PLAYER

3

NOW JUST GO AND ENJOY YOUR ADVENTURE IN STORYLAND!

Pairing Mode

During the first startup, the device automatically enters pairing mode, then you can search and add your device through your Talenpal app under the 2.4G Wi-Fi.

Power On

Press and hold the power button for 3 seconds to turn on your Talenpal player.

STEP 2

For more detailed guidance, visit: <https://www.talenpal.com/pages/talenpal-app>.

Get ready to enjoy the storytelling adventures with your new Talenpal player! First, download the free Talenpal app on any iOS or Android device. Then, follow the simple instructions in the app to set up your player.

What inside

SAY HELLO TO YOUR INTERACTIVE PAL OF STORY!

ADVANCED FEATURES

All features require the Talenpal app!

Voice Recreating

Record a familiar voice, AI will replicate it and create a similar voice tone. Upload the voice to the Cloud via Talenpal app, then you can use Creative Talens to play audio content in that voice.

AI Story Creation

Enter keywords and AI creates personalized original stories. You can import story audio through app to play on your Creative Talens.

Sleeping Time

Use the app to remotely activate sleep mode on Talenpal player. It will play a bedtime playlist and temporarily disables all other functions.

Visit <https://www.talenpal.com/pages/talenpal-app>

or check the Talenpal app for detailed guides and exciting new features!

Using a power supply or charger not recommended or sold by the product manufacturer may result in a risk of fire or personal injury.

Do not clean this product with harsh chemicals or detergents
Do not expose batteries (battery pack or installed batteries) to excessive heat, such as direct sunlight or fire. High or low extreme temperatures that a battery can be subjected to during use, storage or transportation:
During use: maximum 40°C(104°F)
Storage: -10°C - 45°C(14°F - 113°F)
Transportation: -20°C - 60°C(-4°F - 140°F)

FCC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
(1) Reorient or relocate the receiving antenna.
(2) Increase the separation between the equipment and receiver.
(3) Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
(4) Consult the dealer or an experienced radio / TV technician for help.

FCC ID: 2BRUC-D00000
The following importer is the responsible party (for FCC matters only):
Company Name: BASEUS TECHNOLOGY (US) INC
Address: 421 S BRIDGEMAN ST SUITE 1312
ANAHEIM, CA 92804
Telephone: +1-4412699

FCC RF Exposure Warning Statement:
This equipment has been tested for SAR compliance. This equipment should be installed and operated with minimum distance 0 mm between the radiator and your body. This transmitter must not be collocated or operating in conjunction with any other antenna or transmitter.

This product conforms to Safety Requirements of ASTM F963
