Difference declaration

Model list:

PARTY12, JPS120W, JPS122W, JPS125W, JPS135W, JPS7010DSP, JPS7012DSP, JPS7015DSP, JPS8010DSP, JPS8012DSP, JPS8015DSP, JPS8810DSP, JPS8812DSP, JPS8815DSP

All the models differ only in their appearance and the size of the speakers, and the schematic design and PCB Layout are the same. We chose PARTY12 for RF test.

PARTY12:

The main model has an appearance of a square plastic box with a handle in the middle, and it is equipped with two 12-inch speakers.

JPS120W, JPS122W, JPS125W, JPS135W:

The appearance of these four models is a curved plastic box with a handle at the rear. Among them, JPS120W has two 10-inch speakers, JPS122W has two 12-inch speakers, JPS125W has two 15-inch speakers, and JPS135W has three 15-inch speakers.

JPS7010DSP, JPS7012DSP, JPS7015DSP:

The appearance of these three models is similar to the plastic boxes of electric vehicles. Among them, JPS7010DSP has two 10-inch speakers, JPS7012DSP has two 12-inch speakers, and JPS7015DSP has two 15-inch speakers.

JPS8010DSP, JPS8012DSP, JPS8015DSP:

The appearance of these three models is similar to the RCF-shaped plastic style. Among them, JPS8010DSP has two 10-inch speakers, JPS8012DSP has two 12-inch speakers, and JPS8015DSP has two 15-inch speakers.

JPS8810DSP, JPS8812DSP, JPS8815DSP:

The three models have a similar appearance to a handle plastic box. Among them, JPS8810DSP has two 10-inch speakers, JPS8812DSP has two 12-inch speakers, and JPS8815DSP has two 15-inch speakers.

Description of model differences			
	same component	different components	
	Electronics and Bluetooth module	Description of speaker casing	Speaker size
PARTY12(Test model)		A square plastic box with a pull rod in the middle	12inch 2-channel
JPS120W	Same as the test model (PARTY12)	Curved plastic box with a pull rod at the back	10inch 2-channel
JPS122W	Same as the test model (PARTY12)		12inch 2-channel
JPS125W	Same as the test model (PARTY12)		15inch 2-channel
JPS135W	Same as the test model (PARTY12)		15inch 3-channel
JPS7010DSP	Same as the test model (PARTY12)	Imitate the EV-style plastic box	10inch 2-channel
JPS7012DSP	Same as the test model (PARTY12)		12inch 2-channel
JPS7015DSP	Same as the test model (PARTY12)		15inch 2-channel
JPS8010DSP	Same as the test model (PARTY12)	Imitate the RCF-style plastic box	10inch 2-channel
JPS8012DSP	Same as the test model (PARTY12)		12inch 2-channel
JPS8015DSP	Same as the test model (PARTY12)		15inch 2-channel
JPS8810DSP	Same as the test model (PARTY12)	Color-matched handle plastic box	10inch 2-channel
JPS8812DSP	Same as the test model (PARTY12)		12inch 2-channel
JPS8815DSP	Same as the test model (PARTY12)		15inch 2-channel
