

Head-mounted Bluetooth headset

Quick Start Guide

Model MLF-W7

What's in the box

- Bluetooth Headset
- Quick Start Guide
- USB Type-C Charging Cable
- 3.5mm AUX Audio Cable

Things to keep in mind with Bluetooth Headset

- Bluetooth Headset should not be used in extreme temperatures.
- Before using the Bluetooth headset for the first time, make sure to charge them using a 5V, 14W or lower USB-C charger.
- The Max. Input Watt for AUX is 50 mW.
- When the power reaches 20%, the red light flashes rapidly one time every 10 seconds. An prompt sound will be heard one time every 10 minutes, and repeating three times consecutively.

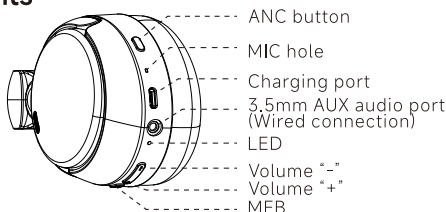

Pairing Bluetooth Headset with your phone

1. Turn on the Bluetooth headset by pressing MFB for 1 seconds. You'll then hear a "Power-on" notification and the blue light will flash 1 second, then LED will flash blue and red alternately.
2. On your phone, go to Settings, open the Bluetooth device to search for the pairing name. Click "W7" to connect and pair.
3. Once paired, the Bluetooth headset will automatically connect to your phone whenever you turn on the Bluetooth headset.
4. In search state, the Bluetooth headset will automatically power off after 3 minutes if not connected to a Bluetooth device. However, it will not power off automatically when in ANC or Ambient sound state.

Connect Two Devices

First, connect the Bluetooth headset to the Bluetooth of the first device. Next, turn off Bluetooth of the first device and allow the second device to connect to the Bluetooth of the headset. Finally, manually tap to connect the Bluetooth headset on the first device to complete the one drag two pairing.

Components

Specifications

Product model	MLF-W7
Bluetooth version	5.4
Bluetooth range	≤10 m
Play time (ANC off)	Approx. 58.0 hours (Volume level 50%)
Play time (ANC on)	Approx. 32.0 hours (Volume level 50%)
Talk time	Approx. 36.0 hours (Volume level 50%)
Standby time	Up to 400 hours
Standby time (ANC on)	Up to 50 hours
Battery capacity	500 mAh
Charging port	USB Type-C
Power input rating	5V / 370 mA
Charging time	2 hours
Net weight	227 g

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

This device complies with Part 15 of the FCC Rules . Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.
