

Manufacturer: Shenzhen Minglu Intelligent Office Furniture Co., Ltd

Manufacturer Address : Longhua District Minzhi Street Nanjingxin Village
Building B5 803, Shenzhen

Product Name : iWatch Charging Cable

Model : MCA1T2SHI

Brandname:Minlu

Ratings:5V $\pm$ 0.2V

Upgraded 2-in-1 Braided Charger Cable for Apple Watch,4Ft Travel Essential,USB-C/A for Magnetic Wireless iWatch Charging Cord,Vacation & Camping Essential,Portable Design with iWatch Ultra/10-2,2Pack

- ▶ **【Upgraded 2-in-1 Braided Charger Cable for Apple Watch】** This 2-in-1 multi-functional charging cable integrates dual charging input ports (USB-C and USB-A) for Apple Watch. It is compatible with laptops, power banks, home sockets, and car adapters, and works with all types of interface chargers.
- ▶ **【High-speed Charging】** The high-quality pure copper cable enables the fastest charging speed. We recommend using a 5V/1A adapter with our iWatch charger, as this setup will deliver original safe charging through the USB-C or USB-A port and fully charge your Apple Watch in 2 to 2.5 hours.
- ▶ **【Magnetic iWatch Charger】** MINLU iWatch charger is equipped with automatic chip recognition, built-in magnet charging module, over-current, over-voltage and over-temperature protection to provide a safe charging environment for your watch.
- ▶ MINLU Fast Charger for iWatch is compatible with iWatch Ultra 3/2/1, Series 10/9/8/7/6/SE/SE 2/5/4/3/2/1 — including 38mm, 40mm, 42mm, 44mm, 46mm, and 49mm versions.
- ▶ **【High-Quality Materials】** Featuring an excellent bio-braided design, this charging cable delivers exceptional durability and flexibility. It has undergone 30,000 tensile tests and boasts a lifespan 20 times longer than that of ordinary cables. The 4 Ft/1.2M Apple Watch charging cable is well-suited for various daily usage scenarios.
- ▶ **【What You Get】** : 2-Pack 2-in-1 4FT Nylon Braided USB C/USB A to iWatch Cable (White). Minlu provide charging cord has a 30-day return guarantee, a 12-month worry-free warranty and a 7*24 friendly service. If you have any doubts, please contact our service team as soon as possible.

FCC Warning Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and your body.
