

Manufacturer: Shenzhen Minglu Intelligent Office Furniture Co., Ltd

Manufacturer Address : Longhua District Minzhi Street Nanjingxin Village Building B5 803, Shenzhen

Product Name: Watch & Multi Charger Cable

Model: MCA1T4SHI

Brand name:Minlu

Ratings:5V±0.2V

Upgraded Multi Charging Cable 3.5A, 6Ft 4 in 1 Braided iWatch & iPhone Multi Charger with Lightning/USB-C/Micro for Magnetic Wireless iWatch Charger iWatch Series Ultra/SE/9-1/iPhone 15 14 13/Galaxy

- **Package Dimensions :** 7.87 x 3.03 x 0.63 inches; 2.82 ounces
- **Item model number :** S-0802-HIHO
- **Date First Available :** August 2, 2024

MINLU 6ft 4-in-1 Nylon Braided Multi Charging Cable 3.5A

The durability you’ve come to expect from Minlu 4 in 1 Charger Cord—now with universal compatibility with Lightning, USB-C, Micro USB and connectors built-in, it’s the only cable you’ll ever need. What’s remarkable is that it can charge four different devices simultaneously.

Features

- Length: 180cm (6Ft)
- Material: Nylon Braided + Aluminium Alloy
- Packing: 4-in-1 Multi USB Cables
- Output: iWatch Charger/Lightning/USB C/Micro USB

Warm tips

- The maximum total output current of Lightning is 2.4A, USB-C is 3.0A and Micro-USB is 2.1A .
- **Only Lightning port support fast data transfer and CarPlay.**
- The actual charging speed is determined by the highest output that the wall charger can provide, you can charge multiple devices at the same time with a 5V/2.4A – 3.0A or 60W - 100W wall charger, particularly suitable for family or guests.

Ideal Length

Only the Lightning connector has data transfer

IC Caution:

RSS-Gen Issue 5 "&" RSS-Gen numéro 5

- English:

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

RF exposure statement:

The equipment complies with IC Radiation exposure limit set forth for uncontrolled environment. This equipment should be installed and operated with minimum distance 10cm between the radiator and your body.

- French:

Cet appareil contient des émetteurs / récepteurs exemptés de licence conformes aux RSS (RSS) d'Innovation, Sciences et Développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes:

- (1) Cet appareil ne doit pas causer d'interférences.
- (2) Cet appareil doit accepter toutes les interférences, y compris celles susceptibles de provoquer un fonctionnement indésirable de l'appareil.

Tout changement ou modification non expressément approuvé par la partie responsable de la conformité pourrait annuler l'autorité de l'utilisateur à utiliser l'équipement.

Déclaration d'exposition RF:

L'équipement est conforme à la limite d'exposition aux radiations de la IC établie pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec une distance

minimale de 10 cm entre le radiateur et votre corps.

FCC Caution:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and your body.
