Also, tested and recommended by professional players, and judged by the platform as excellent products before they hit the shelves. Choose Utimi, no longer bad mood by buying inferior products. Evolution In 2014, UTIMI was founded. In 2016, UTIMI became the largest seller in the Sexual Wellness category on Amazon. In 2018, UTIMI has 100+ patents for adult products. Over the years, we found a large number of problems with adult products such as short life span, poor use, no privacy packaging, and use of materials that are harmful to the body. To solve these problems, we carried out a comprehensive strategic upgrade and determined to allow users to easily find the right and reassuring products. Pleasure Products Utimi provides "high-quality, safe, creative, effective, cost-effective" erotic products, as well as one-on-one expert customerservice. -2-	Each product is selected and developed from the real needs of users, careful analysis and research on the pain points of similar products. We focus on product rationality and how to use it longer and safer. Each product is tested by professional players around the world, and receives their unanimous recommendation, and then is judged by the platform to be excellent before it goes on sale. For each order, we invite users to participate in a satisfaction survey. The number of participants reaches more than 50. Products with a rating or a recommendation ratio separately lower than 4.3 or 80% will be permanently banned from sale. It's our priority to collect users' experience. Interactions Freedom, equality, respect, sharing, tolerance! Sex is a fundamental human need, one that transcends gender, age, color, class, and culture, shameless and unyielding one with no obscurity and no relocation, a spiritual life that humans enjoy equally! Utimi unites a group of certified professional sex educators, sexology experts, sex toy connoisseurs, and also brings together a group of men and women, LGBTQ, SM players who seek excitement and love to explore and share. You can easily communicate and share with us, and together we can create a very inclusive spiritual paradise. EN EN HOW TO USE 1.Before use: Please use the USB charging cable to fully charge the product and disinfect the product before you can start using it. 2.When using: When using the product, in order to obtain the best experience, it is recommended to use it with condom lubricant. 3.After use: After use, wash with warm water and pat dry with a dry, lint-free linen or towel. If there is oil or dirt on the product, clean it with mild soap or a neutral detergent. 4.Storage: In order to extend the service life of the product, if it is not to be used, the product should be stored in a dry and ventilated place, away from direct sunlight and away from children. -11-	EN EN CLEANING AND STORAGE Cleaning Instructions: After use, clean the product immediately. After washing, gently pat dry with a soft, lint-free cloth or towel. If there is lubricant or dirt on the product, wipe it with a soft cloth and clean it using mild soap or a neutral detergent. The product is splash-resistant and can be rinsed underwater. Do not rinse with hot water or boil the product. Avoid using solvents such as benzene or alcohol, as these may damage the product. Storage: Use talcum powder Ventilated place Avoid the sun Away from children ⚠ Do not submerge this product in water while charging to prevent electric shock, short circuit, fire, or other accidents. ⚠ Do not submerge this product in water while charging to prevent electric shock, short circuit, fire, or other accidents. -12-	EN EN TROUBLESHOOTING Product malfunctions/Extension or rotation function is weak After pressing the power button, did you hold it down for 2-3 seconds? Is it fully charged? Please release the power button until the product turns off, then fully charge it. If it still doesn't work after several attempts, the battery may be damaged. This product cannot be charged. (The indicator light does not flash.) Is the charging cable disconnected from the user or the charging port? When using a computer's USB port, if your computer enters sleep mode, the product will not charge. Please check if your computer is in sleep mode. Dust or residue may be present on the charging port. Before recharging, wipe it clean with a dry cloth or cotton swab. Is the product fully charged? When fully charged, the indicator light will remain steadily lit. -13-	EN EN TROUBLESHOOTING Charging will not complete. (The indicator light does not turn off) Dust and stains may adhere to the charging port. First wipe it with a dry cloth or cotton swab, then charge the device. If the indicator light remains on after 180 minutes of charging, it may be due to poor contact at the charging terminals. -14-	EN EN SAFETY & WARNING If you are using medical devices/undergoing treatment/pregnant, consult your doctor before use. If you experience any discomfort during use, stop immediately and consult your doctor or pharmacist. If you notice any abnormal operation of the product, stop using it immediately and turn off the power to prevent personal injury or accidents. Keep out of reach of children to prevent accidental ingestion of product parts or accessories. Use only the provided USB charging cable and connect it correctly; otherwise, overheating or burning may occur. To avoid electric shock or burns, keep hands dry when unplugging the charging cable. Turn off the power before charging; otherwise, malfunction, overheating, or fire may occur. Turn off the power before cleaning; otherwise, malfunction, overheating, or burning may occur. When disconnecting the included USB charging cable, grip the connector rather than pulling on the cable itself. Pulling may accelerate cable deterioration, potentially causing electric shock, short circuits, or fire. When not charging, disconnect the USB charging cable. Leaving it connected may allow dust or moisture to cause short circuits, leading to electric leakage or fire hazards. Regularly clean the USB charging cable connector to prevent dust buildup that could cause short circuits or fires. -15-	EN EN SAFETY & WARNING Please do not use it excessively or trample on it. If you feel uncomfortable, stop using it immediately. Do not use when extremely fatigued or intoxicated, as this may cause further discomfort. Do not charge, use, or store it in extreme temperatures, as this may cause burns or rupture. Do not forcefully pull or remove the surface silicone, as this may damage the product. Do not excessively bend or pull the included USB charging cable. Do not wrap the charging cable around the product for storage, as this may damage the cable. Do not use the included USB charging cable if it is damaged, as it may cause electric shock, short circuits, or fire. Do not share this product with others to avoid the transmission of sexually transmitted diseases.* -16-

FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver. -- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
