

Magnetic wireless Charger

Model:TE2107A

FCCID:2BS78-TE2107A

SKUs:HBK-W006-01(1M),HBK-W006-02(1.8M),HBK-W006-03(3M)

What's in the Box

- Magnetic wireless charger(HBK-W006)
- [Note: Requires a USB-C power adapter with a power output of 35W or higher]

Specifications

Weight • 62.5.0g

Size • 58 x 8
• 1800mm (including cable)

Input • 35W

Output • 25W MAX

Devices • Charges iPhone 12 and beyond
• AirPods Pro, AirPods Pro 2, AirPods Gen 3
• Any other MagSafe, Qi1 or Qi2 capable phone

Product Overview

1. Magnetic charging connector with a smooth surface feel
2. High-quality ABS plastic base
3. 6-foot cable length, USB-C input

Charging Tips

Magnetic wireless charger features a magnetic charger. To begin charging, just install it and attach it to the corresponding magnet position on the back of the phone.

Works with MagSafe, iPhone 12 and later.

Disposal of Product and Packaging

Packaging: All paper and cardboard based materials may be placed in a recycling bin. Any plastic or foam components are **not recyclable** and should be disposed of with other landfill waste.

Product: Should your product become damaged or defective, and is no longer covered under warranty, please responsibly dispose of the product at your local waste collection center. If a waste collection center is unavailable to you please contact us at GYhengweidaLeoeeeg@outlook.com and we will accept your used device back for responsible disposal.

Warranty

HanGyo provides a one-year limited warranty for all HanGyo products. The warranty covers any manufacturing or workmanship defects but excludes damage caused by normal wear and tear, misuse/abuse, or product modifications. If your HanGyo product malfunctions within the warranty period, we will replace it with a brand new product. We cannot guarantee that the style or product you request will be in stock when processing your warranty claim, but we will never leave you empty-handed! In this case, please contact us at GYhengweidaLeoeeeg@outlook.com, and we will provide you with the best possible solution! For more information about our warranty policy, please visit our warranty page. HanGyo is not liable for any damages caused by the use of any HanGyo product. Our warranty does not cover the repair or replacement of electronic devices and/or other personal property.

FCC Statement

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

RF Exposure Warning Statements:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and your body.

Statement for IC

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

L ' émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d ' Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L ' exploitation est autorisée aux deux conditions suivantes:

1. L ' appareil ne doit pas produire de brouillage;
2. L ' appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d ' en compromettre le fonctionnement.

Radio Frequency Exposure Statement for IC

This equipment complies with IC exposure limits set forth for an uncontrolled

environment. This equipment shall be installed and operated with minimum distance 10cm between the radiator and body.

Cet équipement est conforme aux limites d ' exposition IC déniées pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec une

distance minimale de 10 cm entre le radiateur et la carrosserie.
