Touch POS System--All In One

T2

Main Specification

CPU	Intel N97
Memory	8G DDR4
Hard disk	128G SSD
Panel	15.6" 16:9 Industrial grade panel
Touch screen	Capacitive Touch
Resolution	1366*768
Power supply	Input:100-240V 50/60Hz 1.7A, Output:12V DC 5A

External I/O

USB	6*USB ports
LAN	1*LAN port (1000M)
HDMI	1*Video & image transmission port
COM	1-2*Serial port
Audio	1*Audio output & in

Optional

Customer Display	-
WIFI	built-in
OS	Windows 10 / 11

Package

N.W.	4.0 kg
G.W.	5.1 kg
Package Size	-

If the configurations are changed, please refer to the updated configurations.

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirement.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
