Modular Approval Request

FCC ID: 2BSME-NE-CM03

The following attestation addresses the requirements to support modular approval:

Modular approval requirement	Yes (provide brief statement)	No *
(a) The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly	Yes (Module with shielding cover)	
(b) The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal	Yes (Modular transmitters have buffered modulation/data input circuits)	
(c) The module must contain power supply regulation on the module	Yes (Modular transmitters come with power regulators.)	
(d) The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per Sections 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b)	Yes (The antenna is permanently connected to the modular transmitter.)	
(e) The module must demonstrate compliance in a stand-alone configuration	Yes (compliance in a stand-alone configuration)	
(f) The module must be labelled with its permanently affixed FCC ID label, or use an electronic display (See KDB Publication 784748 about labelling requirements)	Yes (Modular transmitters must be equipped with permanent labels.)	
(g) The module must comply with all specific rules applicable to the transmitter. The grantee must provide comprehensive instructions to explain compliance requirements	Yes (Modular transmitters comply with any specific rules or operational requirements typically applicable to complete transmitters, please refer to the transmitter manual for details.)	

Modular approval requirement	Yes (provide brief statement)	No *
(h) The module must comply with RF exposure requirements	Yes (Modular transmitters meet any applicable RF exposure requirements in their final configuration.)	

* Please provide a detailed explanation if the answer is "No."

Sincerely,

Signed:
