PROBLEM HANDLING

1. Can connect but no sound:
Short press the **+** volume button (If it is an operating system other than Apple iOS, please turn on the volume sync button in the Bluetooth link).

2. If the speaker cannot connect:
Please refer to page 2?

Activate the product (use it normally when connected to a Bluetooth device for the first time)
If the speaker cannot be charged after that, please contact us to send a new product

**Please clean the charging port of the speaker frequently to avoid charging failure.**

SAFETY INSTRUCTIONS

1. Keep the product away from extreme heat and cold to avoid damage to the battery and circuit.

2. Avoid liquid immersion in the product.

3. Do not disassemble the product.

4. Do not use concentrated chemical products or detergents to clean the product.

5. Use only 5V/1A power supply.
Connecting a power supply voltage that is too high may cause serious damage.

6. Do not discard or place the product near fire or high temperature to avoid explosion hazards.

FCC Statement

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device has evaluated to meet general RF exposure requirement. The device can be used in portable exposure without restriction.
