

listen, learn, dream

# Quick Start Guide

# Welcome to the Eddi Family!

We'll have you listening in no time.

Activity Cards

Crafties

Board Books

Read-Along Books

Tokens

Trivia Decks

# What's in the Box

Eddi Micro USB Cable

Welcome Card

Story Sticker

Color sleeve sold separately.

# Set up your Storypod

- 1 Charge Eddi with the included Micro USB cable. Most USB phone chargers will work.

- 2 Download the Eddi Parent App to your phone.

Point your camera at me!

- 3 Tap "Set up your Eddi Player" in the Parent App and follow the instructions to connect your Eddi Player.

## Tap to Play

Tap the Welcome Card on top of your Eddi Player to get started.

If audio does not play, make sure your Eddi Player is powered on and connected to WiFi.

# Control Your Eddi Player

Power your Eddi Player on or off by holding the Play button for 2 seconds.

## Manage With Your Phone

You can also control your Eddi Player through your phone by using the Parent App.

# Record Your Own

Your Eddi Player includes a Story Sticker that lets you record your own messages and stories from your phone!

Story Sticker

Tap the Story Sticker on your Eddi Player, then follow the instructions to make your own recordings in the Eddi Parent App.

# Status Lights

The ring of lights on top of your Eddi Player lets you know its current status.

|                         |                                                                |
|-------------------------|----------------------------------------------------------------|
| <b>Breathing White:</b> | Searching for WiFi                                             |
| <b>Steady White:</b>    | Connecting to WiFi                                             |
| <b>Breathing Blue:</b>  | Downloading content from the cloud to internal memory          |
| <b>Steady Blue:</b>     | Playing downloaded content                                     |
| <b>Breathing Green:</b> | Eddi Player is charging (while plugged in)                     |
| <b>Steady Green:</b>    | Eddi Player is fully charged                                   |
| <b>Breathing Red:</b>   | Eddi Player battery is low and needs to be plugged into charge |
| <b>Steady Red:</b>      | Eddi Player has encountered an error                           |

# Troubleshooting

**RESTART:** Insert a paperclip through the pinhole on the bottom side of the Eddi Player and hold for under 1 second.

**FACTORY RESET:** Insert a paper clip through the pinhole on the bottom side of the Eddi Player and hold for 3 seconds.

**BEWARE:** A Factory Reset permanently deletes all stored content on your Eddi Player.

**FCC Warning:**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**Caution:** Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.
