What's in the Box

Eddi Nightlight

USB Power Adapter

Set up your Eddi Nightlight

- 1 Plug in the included power adapter to the underside of the Eddi Nightlight and wall outlet.

- 2 Download the Eddi Parent App to your phone. Find it at myeddi.com/app

- 3 Follow the instructions in the Eddi Parent App to connect your Eddi Nightlight.

Control Your Eddi Nightlight

Control Your Eddi Nightlight

Charge your Eddi Player

Place your Eddi Player on top of the Nightlight to charge it.

Manage With Your Phone

You can also control your Eddi Nightlight through your phone by using the Parent App.

Status Lights

The light on the side of your Eddi Nightlight lets you know its current status.

Breathing White:	Nightlight is powering on or off
Steady White:	Nightlight is powered on
Breathing Blue:	Nightlight is searching for WiFi
Steady Blue:	Nightlight is connected to WiFi
Steady Red:	Nightlight has encountered an error

See all status light meanings at: myeddi.com/statuslight

Troubleshooting

RESTART: Unplug your Eddi Nightlight from the power adapter. Wait 10 seconds and then plug it back in.

FACTORY RESET: Insert a paper clip through the pinhole on the bottom side of Eddi Nightlight and hold for 3 seconds.

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
