

Product Name: Intel BE200
Model Name: BE200NGW
FCC ID:2BSYS-A2515

The image shows a green printed circuit board (PCB) for an Intel BE200 network card. A large, square, silver-colored component, likely the network chip, is mounted in the center. Above the chip, there are two circular components, possibly capacitors or inductors, and a semi-circular copper pad. Below the chip, the PCB has a gold-plated edge connector with multiple pins. The text 'A11-07' and 'E' are printed on the PCB near the connector. The entire card is set against a dark green background with light blue grid lines.
