

INTERTEC TECHNOLOGY LIMITED

Declaration on model difference

We INTERTEC TECHNOLOGY LIMITED the hereby confirm that the difference in models lies in the heating pad. Apart from the model name, model size, and rated power being different, the circuit diagram and PCB layout are exactly the same, and there is only one type of remote control.

Production name	Model no.	Product dimensions	Rated power	Input voltage	Description
WIRELESS CONTROLLER HEATED BLANKET	TH-2473U&8490	84in*90in	100W per side	120V AC/60Hz	The difference in models lies in the heating pad. Apart from the model name, model size, and rated power being different, the circuit diagram and PCB layout are exactly the same, and there is only one type of remote control.
WIRELESS CONTROLLER HEATED BLANKET	TH-2473U&90100	90in*100in	130W per side	120V AC/60Hz
