Safety Instructions

- The unit contains a rechargeable lithium battery.
- Always place and operate the unit in an upright position.
- Store the unit in a cool, dry environment.
- Handle the unit with care to prevent scratches or physical damage.
- The unit must not be opened by the user; opening the unit will void the warranty.
- Ensure the USB port cover is securely closed when not in use.
- Use only certified USB Power Delivery (PD) chargers to charge the unit.
- The unit is designed to operate within a temperature range of –4°F to 122°F (–20°C to 50°C).
- The unit can withstand light rain or splashes; however, wipe the unit dry immediately after exposure to moisture.
- In the event of a failure or malfunction, raise a support ticket using the iSP Mobile Application.
- Safe Disposal: This unit contains a rechargeable battery and must not be disposed of with household waste.
- Regulatory Compliance: Dispose of the unit in accordance with applicable federal, state, and local electronic waste and battery recycling regulations (including California requirements where applicable). This product is RoHS compliant.
- California residents: Proper battery disposal is required by law.

Note: Do not dispose in household trash.
