Declaration Letter for module report

FCC ID: 2BTCSR-V-C1000V10

This device is integrated with the following certified modules.

FCC ID: XMR201703FC20 (WLAN), FCC ID: XMR201906EG21G (GSM/WCDMA/LTE)

The antenna is designed for the host when the module is integrated into the final product.

Transmitter module itself has not changed.

The WLAN NII-2A and NII-2C bands are disabled via software. Bluetooth and Bluetooth BLE are disabled via software.

The original module test report accurately represents antenna-port conducted test results under the host application.

The Output power was verified to the same as the certified module. Please refer to module report for antenna-port conducted test items. For radiated test item, new test results were reported.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Hoonje Sung'.
