COO Co., Ltd. COO Co., Ltd. Founded in 2017 in Osaka, Japan, COO Co., Ltd. is a manufacturing and sales company focused on dealing with the latest gadgets and smartphone accessories. With the concept of "Delivering the latest, most exciting gadgets", the company offers its products through its e-commerce site and physical stores. We always pay attention to the latest technology and continuously strive to develop products that increase the level of convenience for our users. We offer high quality products in accordance with Japanese standards, but at the same time, we offer high cost performance as only an overseas manufacturer can. It is our pleasure to provide convenient gadgets to our customers.	1. Introduction 3 2. Precautions 4 3. Accessories 8 4. Specifications 8 5. Supported Fast Charging Protocols 8 6. Pass-Through Function 14 7-1-7. About magnets and regular wireless charging 15 7-2. How to Recharge 16 8. Warranty 17	1. Introduction Thank you for your purchase. Please read the user manual carefully before use and use it correctly. 2. Precautions Warning This is content that could lead to death or serious injury. Caution There is a possibility of serious injury or damage to property. Warning - Stop using this product immediately if it makes any noise, generates unusual heat, has an unusual odor, or contains a foreign object. - Do not disassemble or modify this product in any way. It may cause a fire, electric shock or injury. - Children should not use this product alone. Do not use this product within reach of children. - Do not immerse the product in water or allow it to get wet. Otherwise, it may cause a fire or electric shock. - The name label, generating a charge, may become silent or damaged. Do not remove the cover. Also, please note that wireless charging cannot be done while wearing a crop prevention film. - Do not drop this product, place heavy objects on top of it, or give it a shock. Doing so may result in electric shock, product malfunction, injury, or smoke/fire. - Please insert the power plug into the household outlet all the way to the back. If the plug is not inserted properly, power contact may result in fire or electric shock. - This product should be used away from devices that generate heat. - Do not leave it in high temperature places such as in direct sunlight or in a car. It may cause heat generation and ignition. - This product uses a semi-solid-state lithium-ion battery. While this structure prevents swelling, excessive pressure or bending can damage the internal components and may lead to smoking or fire. - The design is more resistant to leakage and swelling than conventional devices and offers enhanced safety. However, stop using the product immediately if you notice abnormal heat or bulging. 2. Precautions Warning This is content that could lead to death or serious injury. Caution There is a possibility of serious injury or damage to property. Warning - Do not use this product for any purpose other than its intended use. - Do not use this product near flammable oil, chemicals or flammable materials. - Do not use or store the product in a place where it is exposed to water or moisture. - This product may become hot while using the wireless charging function, but this is due to the specifications and is not a malfunction. - Power Delivery (PD) charging is necessary to use a PD-compatible cable for PD devices. - Please note that we are not responsible for any damage, breakage, breakdown or loss of data on devices connected to this product. - When using the magnetic wireless charging function, please make sure that the device is compatible with wireless charging before using it. - When using the magnetic wireless charging function, please make sure that the device is compatible with wireless charging before using it. - Do not use the magnetic wireless charging function to charge a metal protective cover attached. This will activate the object detection function and prevent proper charging. - Children should not use this product alone. Do not use this product within reach of children. - Do not immerse the product in water or allow it to get wet. Otherwise, it may cause a fire or electric shock. - The name label, generating a charge, may become silent or damaged. Do not remove the cover. Also, please note that wireless charging cannot be done while wearing a crop prevention film. - Do not drop this product, place heavy objects on top of it, or give it a shock. Doing so may result in electric shock, product malfunction, injury, or smoke/fire. - Please insert the power plug into the household outlet all the way to the back. If the plug is not inserted properly, power contact may result in fire or electric shock. - This product should be used away from devices that generate heat. - Do not leave it in high temperature places such as in direct sunlight or in a car. It may cause heat generation and ignition. - This product uses a semi-solid-state lithium-ion battery.
