

# Product Similarity Declaration

Product name: Meter

Model name: 9AYL-49, 9AY4-5K、5HY1-41, 7DH0-14

FCC ID: 2BTEP-5HY141

We (Guangzhou Chuang Rui Automobile Electric Appliance Co., Ltd.) hereby state that The UI software functions of the above models are different. In terms of hardware, 5HY1-41 has added FM function( FM module), others model does not have. The rest of the appearance, including the BT and Wi-Fi modules, antennas, etc., are exactly the same. The different parts do not affect the radio frequency performance .

| Item               | 5HY1-41                                                                                                                 | 7DH0-14                                                                                                                     | 9AY4-5K                                                                                                                     | 9AYL-49                                                                                                                     |
