3、 Antenna Structure Diagram	6

1、 Overview

This document is the specification sheet for the SP7997A&B-NFC antenna. The antenna solution is FPC and the feeding method is spring pin. The antenna prototype is illustrated in Figure 1:

Figure 1. Antenna Sample

2、Antenna Specifications

Electrical Technical Indicators	
Antenna Type	FPC
Operating Frequency Band	13.56MHz
Feed Type	PAD
Antenna Interface	Spring pin
Antenna Dimension	Refer to Drawing
Weight	No Requirement
Operating Temperature	-40℃ to +80℃
Storage Temperature	8℃ to +28℃

QD0020
V1.5
