

Current Date [2026/09/10](#)

To: **SGS-CSTC Standards Technical Services (Shanghai) Co., Ltd.**
No. 588 West Jindu Road, Songjiang District, Shanghai, China. 201612

Dear Sir/Madam,
Subject: **Declaration Letter about Identity of Products**

*WE [Shanghai Craftmeter Control Technology Co.,Ltd.](#) HEREBY DECLARED THAT

Our product:

Product Description:	Industrial Remote Control
----------------------	---

And the models below :

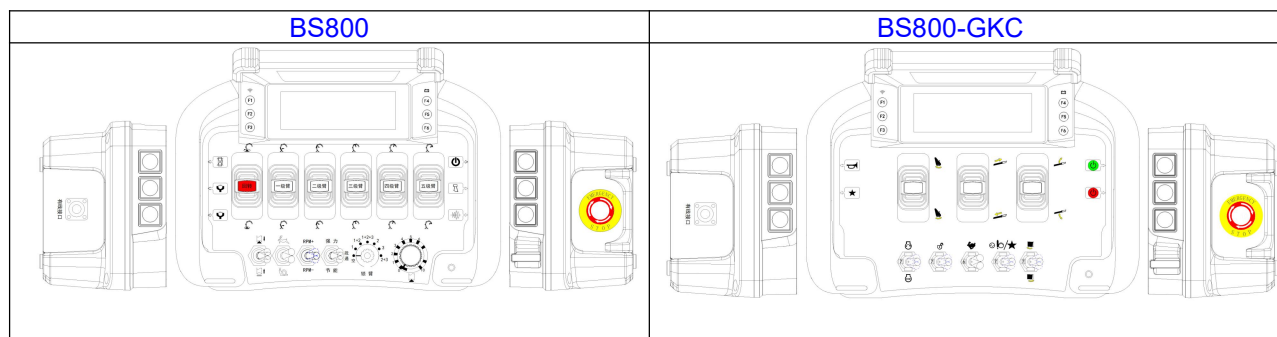

Model No.:	BS800-XXXXXXXX (where X may be any alphanumeric character, "-" or blank, representing customer-specific project codes used for marketing and identification purposes. Different project codes may correspond to remote control transmitters with different switch configurations, panel layouts, and panel markings. The internal circuitry and safety-related construction remain unchanged. Therefore, these differences do not affect safety-critical components or compliance with applicable safety requirements.) BM800-XXXXXXXX (where X may be any alphanumeric character, "-" or blank, representing customer-specific project codes used for marketing and identification purposes. Different project codes may correspond to remote control transmitters with different switch configurations, panel layouts, and panel markings. The internal circuitry and safety-related construction remain unchanged. Therefore, these differences do not affect safety-critical components or compliance with applicable safety requirements.) MM800-XXXXXXXX(where X may be any alphanumeric character, "-" or blank, representing customer-specific project codes used solely for marketing and identification purposes. Different project codes may correspond to variations in the remote control receiver interface design; however, the internal circuitry and safety-related construction are identical. Such differences are cosmetic or functional in nature and have no impact on safety-critical components or compliance with applicable safety standards.)
Manufacturer's Name:	Shanghai Craftmeter Control Technology Co., Ltd
Manufacturer's Address:	No.102, Building 29, Lane 188, Maoting Road, Songjiang District, Shanghai, China

with the model(s) below which samples we chose to be tested by SGS

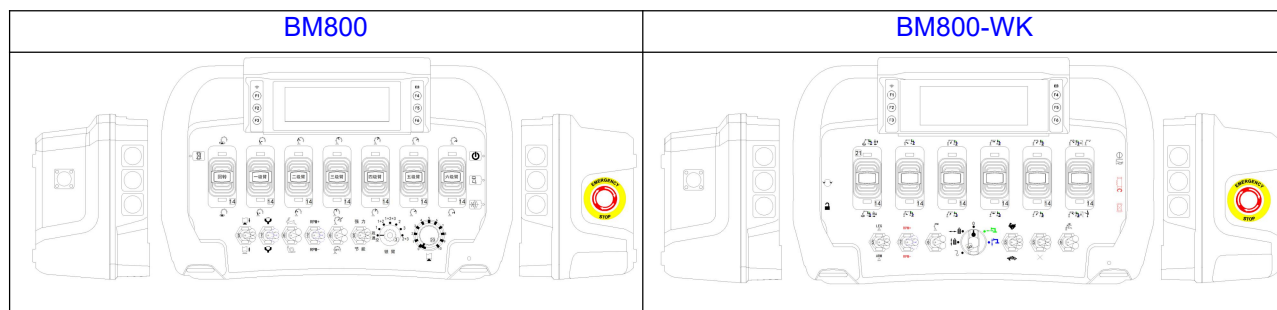

Model No.:	BS800,BM800
Manufacturer's Name:	Shanghai Craftmeter Control Technology Co., Ltd
Manufacturer's Address:	No.102, Building 29, Lane 188, Maoting Road, Songjiang District, Shanghai, China

Pls explain the difference between the add models and the model for testing concretely.

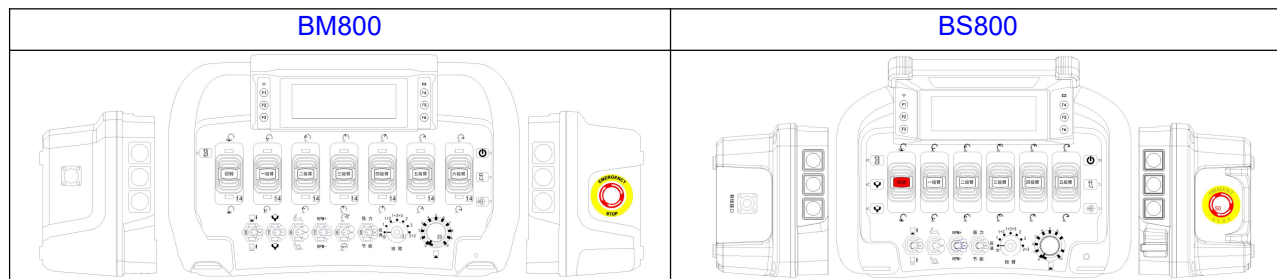

* BS800-GKC is the same as BS800 except for deviations in the number of switches, panel layout, panel identification. The internal circuitry and safety-related construction remain unchanged. as follows:

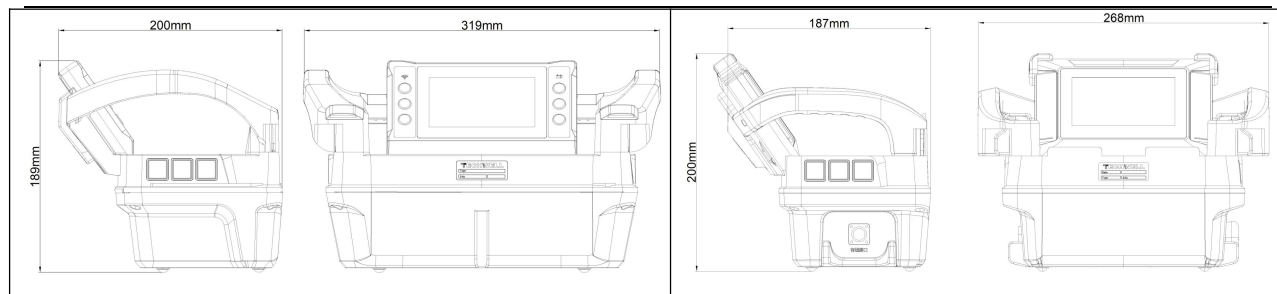

* BM800-WK is the same as BM800 except for deviations in the number of switches, panel layout, panel identification. The internal circuitry and safety-related construction remain unchanged. as follows:

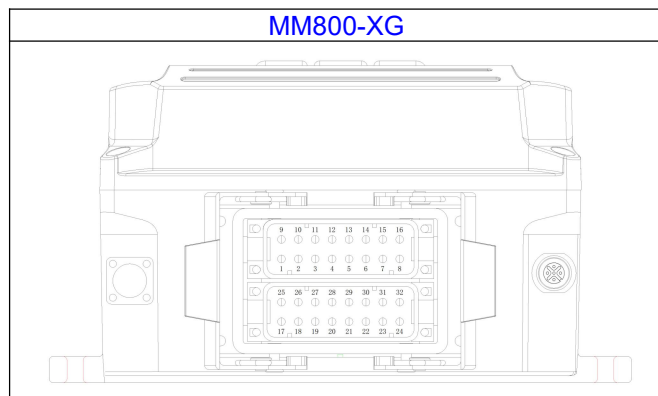

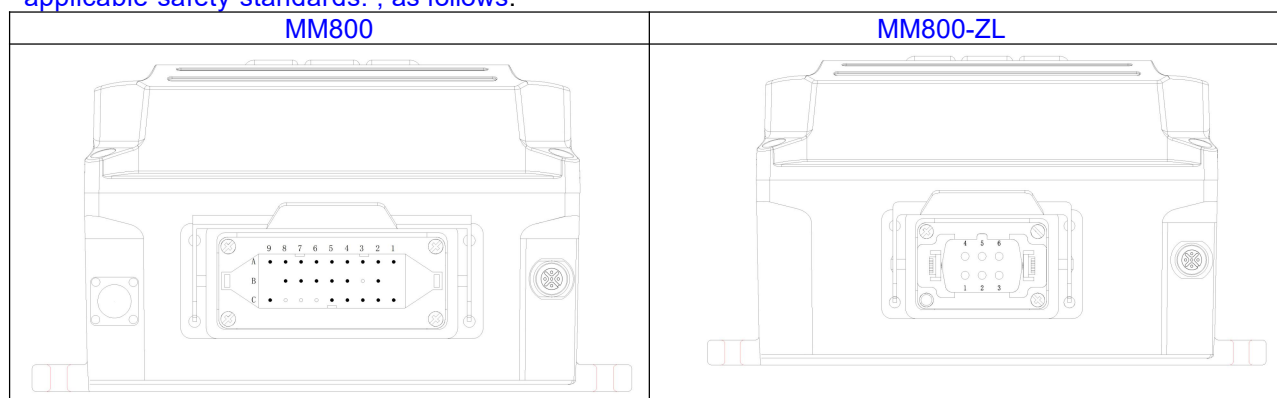

* The BM800 is the same as BS800 except for deviations in the number of switches, panel layout, panel identification, product shape, and external dimensions. The internal circuitry and safety-related construction remain unchanged. as follows:

Different project codes may correspond to variations in the remote control receiver interface design; however, the internal circuitry and safety-related construction are identical. Such differences are cosmetic or functional in nature and have no impact on safety-critical components or compliance with applicable safety standards. , as follows:

Note: The definition of identical should be “**electrically identical**”. A device will be considered to be electrically identical if no changes are made to the devices’ schematics, board layouts, component layouts, chip sets, resistors and all other electrical aspects of the device are identical.

Sincerely,

Signature:	周勇
