

Luse WS-NV548 Anal Vibrator

User Manual

RoHS IPX6 RED

Before first use, please read the instructions below carefully.

● About this Device:

Luse is a remote control rotary vibration anal plug with a perfect ergonomic shape. In addition to the Vibration function, this anal plug also adds a rotating speed massage to the head. The main body is designed with a cock ring, which can delay ejaculation and bring you lasting stimulation. Wireless remote control operation can free your hands and make you enjoy the pleasure of orgasm easily.

* The remote control is turned off automatically if it is not operated within 3 seconds.

⦿ Warranty Terms & Conditions:

We warrant this device for a period of one year, after the date of original purchase against defects due to faulty workmanship or materials. If you experience any factory/assembly defects, please contact us and we will do our best to solve your issues as soon as possible.

Caution: please do not take your vibrator apart by yourself or by an unauthorized repair shop, as your warranty will automatically expire.

⦿ Safety Tips:

Avoid sharing this device with others due to hygiene concerns. Only water based lubricant is recommended to use with this product. Do not use massage oils or hand cream as lubricants for this device, as you will damage its silicone soft touch surface. Stop using this device if its tip is chipped or broken or has sharp edges.

⦿ Cleaning and Storage:

Always clean your device thoroughly before and after each use. Please note that the remote controller is not waterproof.

Clean your device with an antibacterial toy cleaner. Alternatively, you can wash the device with warm water and soap, rinse with clean hot water and pat dry with a clean towel.

Hard detergents, disinfectants, acetone or alcohol are not recommended to use to clean your device.

Store your device in a clean and dry space and keep it out of children's reach.

Applicable for ALL products, the model may be changed for improvements without notice.

© **Disclaimer:**

This product is to be used as a novelty for people over the age of 18 only. Users of this item do so at their own risk. It should not be used on prolonged or frequent basis. Neither we nor its retailers assume any responsibility or liability for the use of this product.

This product doesn't claim to cure any disease or STI.

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.
