**After reviewed the technical requirements, is the device capable of supporting the installation of Kaspersky software?**

☒ Yes, go to Item 3.

☐ No. In this case, the rest of the items do not apply. The device cannot support installation of Kaspersky software

**Item 3. Connectivity Capabilities:**

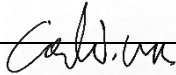

| # | Physical Interface | Purpose                                                                            | Justification <sup>1</sup>                        |
|---|--------------------|------------------------------------------------------------------------------------|---------------------------------------------------|
| 1 | USB Type-C port    | Can be connected to a Type-C docking station, such as USB flash drives, mice, etc. | -Built-in firewall that blocks software downloads |
| 2 | USB Type-A port    | Connect to USB storage devices or a mouse and keyboard receiver                    | -Built-in firewall that blocks software downloads |

| # | Wireless Interface | Purpose                                                          | Justification <sup>1</sup>                                             |
|---|--------------------|------------------------------------------------------------------|------------------------------------------------------------------------|
| 1 | Wi-Fi              | It can be connected to the network for file or video downloading | -Built-in firewall that blocks software downloads                      |
| 2 | Bluetooth          | Only pair and connect with the mouse or keyboard                 | -No file transfer capability<br>-Pairing limited to authorized devices |
| 3 | LTE                | It can be connected to the network for file or video downloading | -Built-in firewall that blocks software downloads                      |

After the review of this items, the device:

☐ Cannot support installation of any cybersecurity or anti-virus software on the covered list.

☒ Potentially can operate with any cybersecurity or anti-virus software on the covered list – additional third-party proof is provided to demonstrate compliance with requirements as of 2.911(d)5(i),(ii) – “Proof of Compliance with Covered List Software Requirements” of this document applies

|------------------------------------------------------------------------------------------------------|
| <b>Applicant's Name:</b> Codi Wu                                                                     |
| <b>Title:</b> PM                                                                                     |
| <b>Signature</b>  |
| <b>Date:</b> 2026.09.08                                                                              |

<sup>1</sup> The justification field is used to justify why the software cannot be received through that interface. Check the annex for more indications.

## Proof of Compliance with Covered List Software Requirements

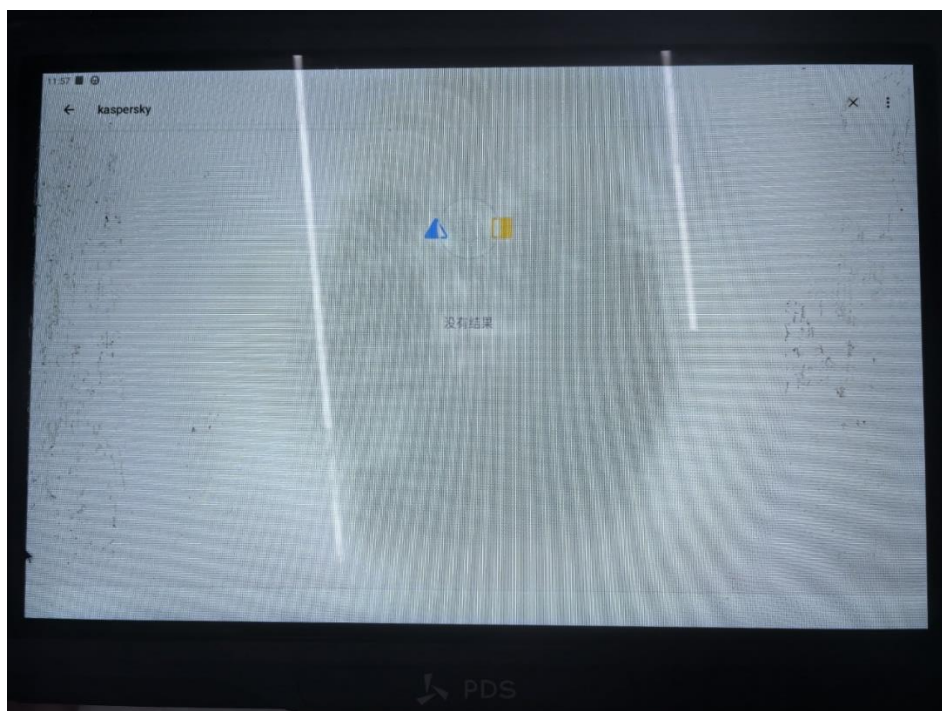

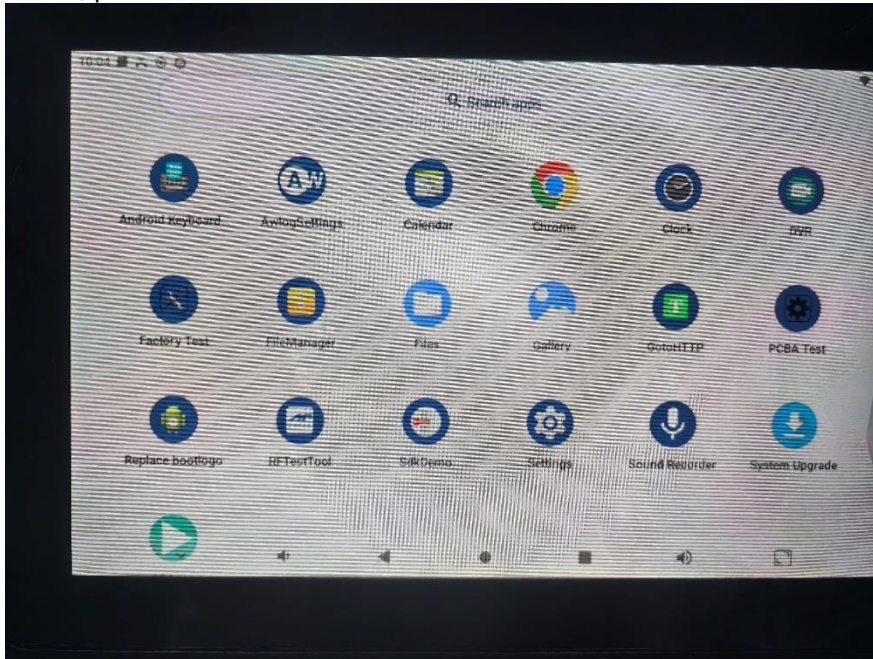

1. Did a test Firm or third party (other than the certification body and applicant) provide a list of software installed on the device and after scan results with no evidence of Kaspersky software?

☒ YES

☐ NO

☐ N/A

If YES, provide:

**File Name:** Kaspersky Software Security

**Third-Party Name (including Test Firm):** Guangdong Dongdian Testing Service Co., Ltd.

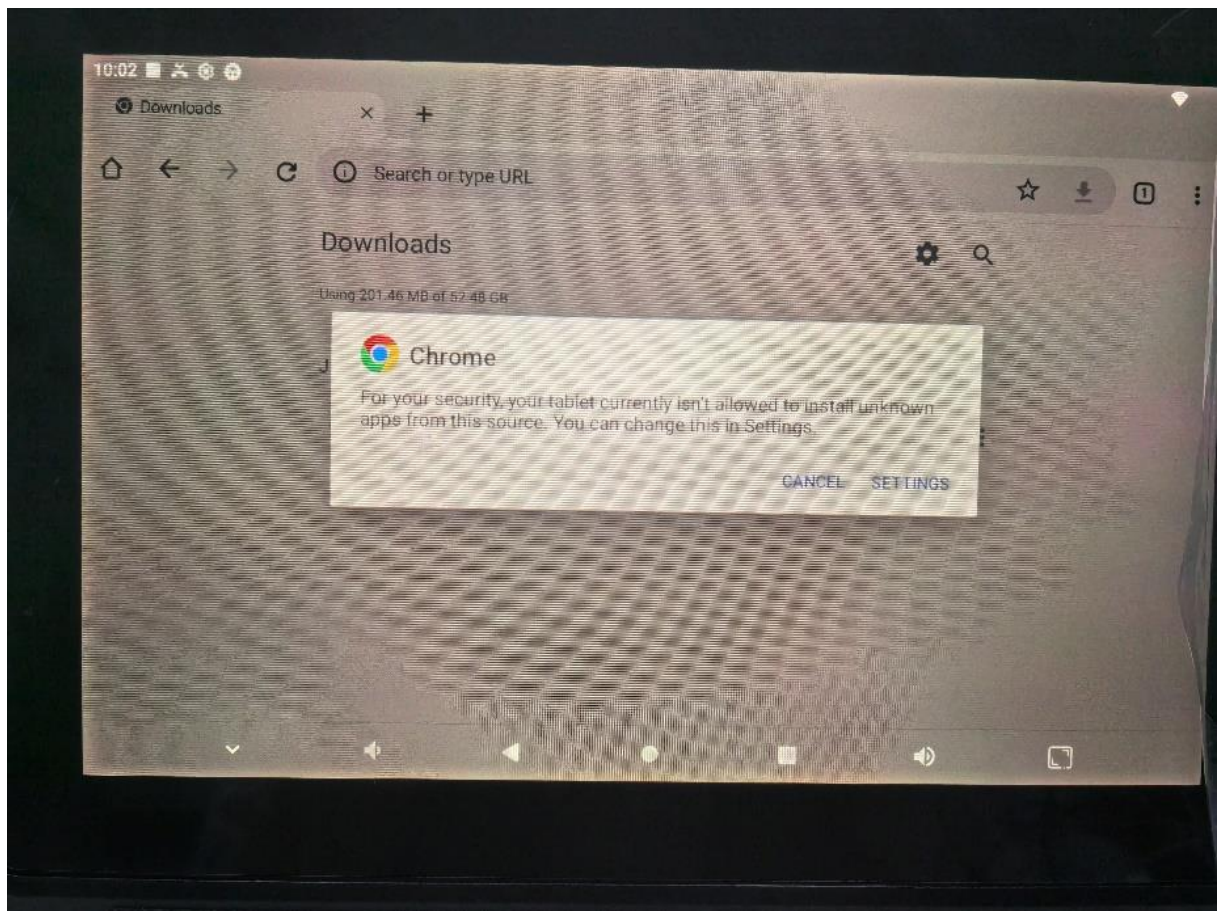

Has other objective evidence been provided that no Kaspersky software is installed?

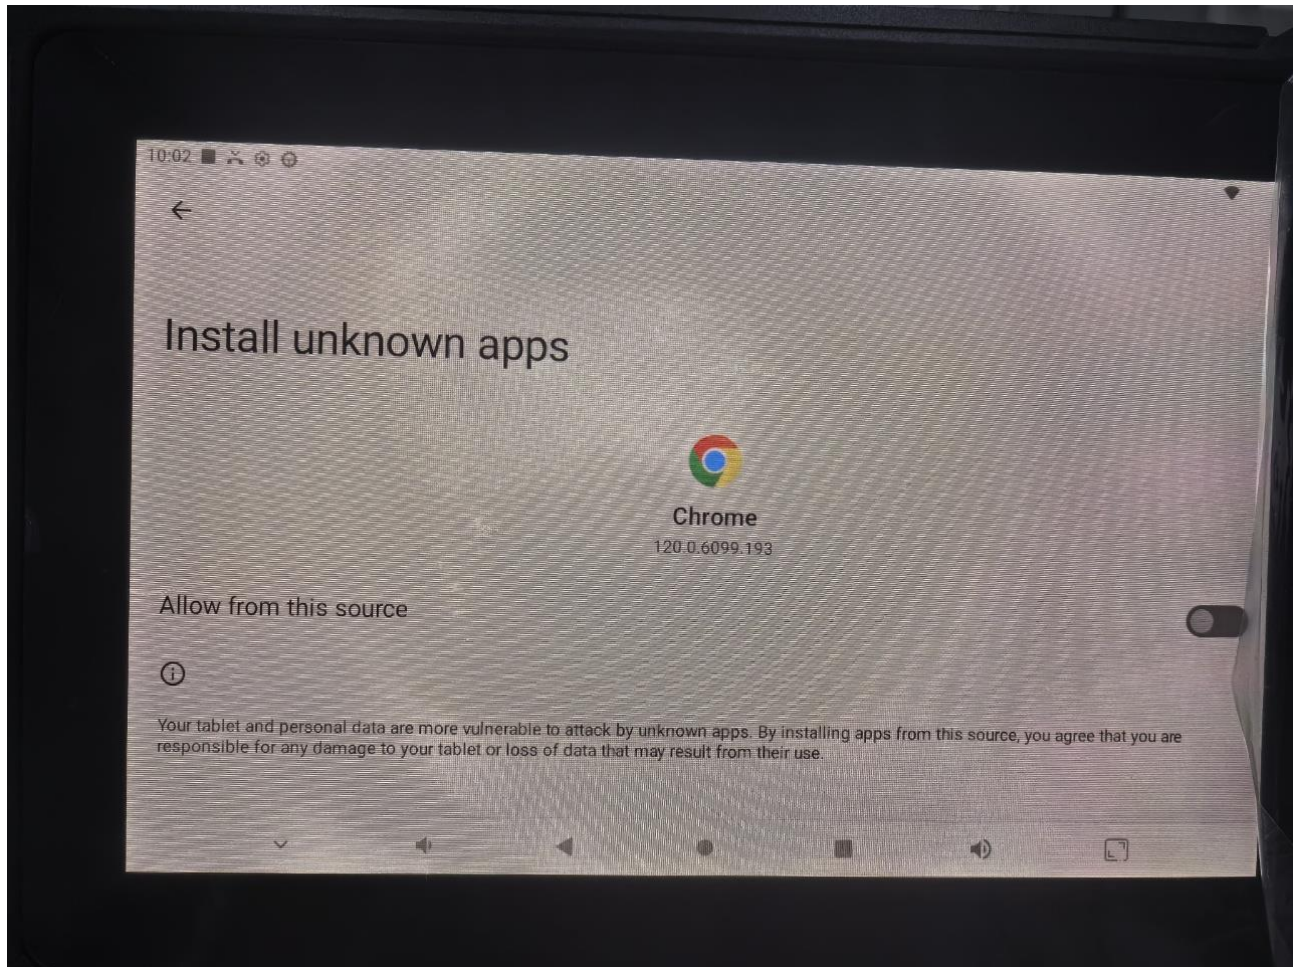

☒ YES

☐ NO

☐ N/A

If YES, provide:

**File Name:** Kaspersky Software Security

**Third-Party Name (including Test Firm:** Guangdong Dongdian Testing Service Co., Ltd.)
