

WIRELESS NOISE CANCELING HEADPHONES USER MANUAL

FEEL EVERY BEAT,
OWN EVERY MOMENT.

Overview

- 1. ANC switch
- 3. On/Off
- 5. Aux in
- 7. LED

- 2. Volume up/Next
- 4. Volume down/Previous
- 6. Charging

1. Power switch:

Long press to power on/off or reject an incoming call. Short press to play/pause music or answer/end a call. Double press to activate the voice assistant. Triple press to enter or exit game mode.

2.ANC on/off

To activate noise cancellation, press the ANC button. The LED indicator will light up green, and you will hear the voice prompt 'ANC mode'. To deactivate noise cancellation, press the ANC button again. The LED indicator will turn off, and you will hear the voice prompt 'ANC off'.

3. Wireless music mode:

Short press + to volume up. Long press + to play the next song.
Short press - to volume down. Long press - to play the previous song.

4. Mobile Phone / Device Connection:

Step 1: Open the Bluetooth settings on your phone or device and select 'Search for Devices'. Some devices may automatically search for available Bluetooth connections.

Step 2: Search for Bluetooth devices until "headphone" appears. Select "headphone" to pair.

Step 3: The indicator light on the headphone will flicker blue and red while pairing. Your device will indicate when the pairing is successful and the indicator light will stop flickering.

5. Charging:

Connect the included USB C cable to the charging port on the headphones and a free computer interface or an external USB power supply.

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.
