Cautions

Precautions and Maintenance

- For indoor use only.
- To avoid risk of fire or electric shock, do not expose the unit to moisture or condensation.
- To avoid overheating, do not block the ventilation holes on the back of the Music Frame.
- Keep the Music Frame out of direct sunlight.
- Do not dismantle the Music Frame. There is a risk of electric shock and there are no user-serviceable parts inside. Dismantling the device will void your warranty.

Cleaning the LCD Screen

- Treat the screen carefully. Because the screen of the device is made of glass and it would be broken or scratched easily.
- If fingerprints or dust accumulate on the LCD screen, we recommend using a soft, non-abrasive cloth such as a camera lens cloth to clean the LCD screen.
- Moisten the cleaning cloth with the cleaning solution and apply the cloth to the screen

Cautions

WARNING:

To reduce the risk of electric shock, do not expose the unit to rain or excessive moisture.
This device is intended for private use and not suitable for commercial use!

Introduction

Elevate your space with this dual-purpose masterpiece – a decorative canvas and premium sound system in one. Measuring 19 inches, this slim-profile audio frame seamlessly blends wall art with immersive sound technology. Enjoy crisp highs and deep bass through its hidden high-fidelity speakers, while wireless Bluetooth connectivity ensures easy streaming from any device. The aesthetic design adapts to your décor style, making it perfect for living rooms, bedrooms, or offices. Includes multiple mounting options and energy-efficient operation. Redefine your environment where visual elegance meets acoustic excellence.

6.Troubleshooting Guide

If you come across on some questions when using the speaker frame, consult the suggested solutions below and the corresponding sections of this manual. If you need additional assistance, please contact after-sales customer service.

Q1: Bluetooth fails to connect (Android/iOS)

A: On your phone, go to Bluetooth settings and tap on "GIOIA A1" and get repaired

Android: Enable "Location Permissions" for Bluetooth.

iOS: Restart Bluetooth in Settings. Reboot the speaker frame if issues persist.

Q2: Floating lyrics do not display

A: Use supported music player app like Spotify on Android phones or Apple Music on iPhone, turn on "Live Lyrics" in the music app, and update the APP to the latest version.

Q3: WiFi disconnects frequently (Dual-band)

A: Turn off the WiFi icon on your phone, then turn on again, or try to reboot your router and speaker.

Q4: Gioia Assistant cannot control the speaker

A: Confirm both devices are on the same WiFi network.

Q5: Lyrics mismatch between Apple Music and speaker

A: There is a delay in the lyrics file in the music player, it's normal.

Q6: How to replace the magnetic poster frame?

A: Since the poster frame is magnetic, and you can customize it as you want.

Q7: AI Painting freezes

A: Make sure the WiFi network is good on the speaker frame

Q8: How do I turn off the screen when I am not at home?

A: Get into the Settings on the home interface, and select sleep mode

7.FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

*RF warning for Mobile device:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
