WIZPR RING™

User Guide

WIZPR Case (Model no. : WZPC01) (FCC ID : 2BTQX-WZPC01)
WIZPR RING (Model no. : WZPR01) (FCC ID : 2BTQX-WZPR01)

How to Use: Close-to-Talk

- Hold the ring's window just below your lips while speaking, then release it.
- Avoid direct contact with your lips to prevent wind interference.
- Do not press the window too tightly against your skin to avoid blocking the mic.
- Maintain a 1cm distance from the skin below your lips for optimal recognition.

App: Connection Status

- The status is displayed in the input box at the bottom right of the app.
- 🔴 : Ring not connected
- 🚫 : Mic Off
- 🗣️ : Mic On
- 🛌 : Sleep Mode
- 🔒 : Ring locked
- ❖ Sleep Mode: Prevents misrecognition when the mic is on but no proximity voice is detected.
- ❖ Ring Lock: Locks/unlocks the ring's functions with a button click or automatically.

Button Functions

- Long press (1 sec): Power On/Off
- Single click: Lock/Unlock ring
- Double clicks: Start new chat

- Power On: LED on for 2 seconds
- Power Off: LED on for 0.5 seconds
- Mic On: LED blinks twice
- Mic Off: LED blinks once with a beep
- Connection Successful: LED blinks twice

Charging Case User Guide

FCC Compliance Statement

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

FCC Radiation Exposure Statement

(WIZPR Case [WZPC01] FCC ID : 2BTQX-WZPC01)

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 5 mm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
