

Wherever you go
Your love stays home

X45 Smart Feeder

VERLIN

For the Love Link

One-click feeding

Never miss a meal for your pet

-  4L Large Capacity
-  No-Jam Feeding
-  Scheduled Measured Feeding
-  Worry-Free Travel

Scheduled, automatic feeding with predetermined quantities

Built-in infrared sensor for precise food tray detection.

Voice reminder for on-time pet meals

Triple Freshness Lock Design

First Layer

Freshness-locking dry box, moisture-proof and freshness-preserving

Second Layer

Silicone seal ring, moisture and mold proof

Third Layer

Closed food outlet, prevents pet access and insect entry into storage bin

Anti-Jam Design, Meets Diverse Feeding Needs

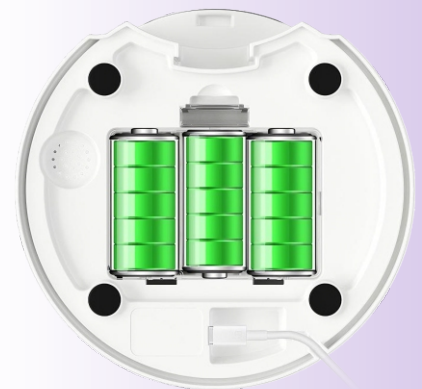

Innovative impeller and food chute design, compatible with various pet foods for smooth dispensing. Never worry about your pet going hungry during overtime, business trips, or travel.

Designed to prevent blockages, ensuring smooth operation even with multiple meals.

Dual Power Supply

Built-in 3 reserve batteries. In case of sudden power outage, the reserve batteries automatically kick in to ensure scheduled and measured feeding, allowing you to travel with peace of mind.

Manual Button Setup
(No App Control)

WIFI Version

Controllable via Mobile
App (No Video Function)

Video App Version

Remote Monitoring and
Control via Mobile App

FCC Warning

15.19 Labeling requirements.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

15.21 Information to user.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

15.105 Information to the user.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC RF Radiation Exposure Statement:

1. This Transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
2. This equipment complies with RF radiation exposure limits set forth for an uncontrolled environment.
3. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
