1.手机扫描下方二维码，下载安装“越维物联”App

（3）从企业治理角度，考虑中国上市公司第二大股东行为动机。

1、设备连接不上?

- 国家计算机等级考试二级考试
 - WiFi名称与密码尽量不规律(最好是字母加数字)
 - 尽量离路由器远一点、少蹭网
- ## 2、设备设置杂音?
- 监控对象、视频时，手机与监控至少距离5米
 - 监控安装位置尽量远离大功率电器
- ## 3、如何分享给家人查看?
- 打开APP点击分享按钮，输入家人的手机号码即可

SMART IP CAMERA

Quick Start Guide V1.0

Operation Video APP Download

Please read carefully before using

FCC Caution.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1) The device may not cause harmful interference, and

2) The device must accept, and be immune to, any interference, including that from authorized radio frequency devices.

Any Change or modification not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, which imposes certain limits on radio frequency emissions in order to protect against harmful interference in a residential installation. This equipment generates and can use radio frequency energy and, if not installed and used correctly, it may cause interference to radio communications. However, there is a recognized interference margin which must be maintained. Interference to radio communications can be minimized by following the following instructions:

- Do not use power lines to connect the equipment to other equipment.
- Do not use the same power line to connect the equipment to other equipment.
- Do not use the same power line to connect the equipment to other equipment.

* **RF warning for Mobile device:**

The equipment complies with FCC exposure limits for human exposure to radio frequency electromagnetic fields. The equipment should be installed and operated with minimum distance 15cm between the antenna and your body.
