

## 1. General Description

### 1.1 Product Information

|                      |                                                                                                       |
|----------------------|-------------------------------------------------------------------------------------------------------|
| Manufacturer:        | Shenzhen Dinghao Medical Technology Co., Ltd                                                          |
| Address:             | B8726, No.3012 Banxuegang Avenue, Bantian Community, Bantian Street, Longgang District, Shenzhen City |
| Product name:        | PCB Antenna                                                                                           |
| Model name:          | /                                                                                                     |
| Operation frequency: | 2400-2483.5MHz                                                                                        |
| Antenna type:        | Onboard antenna                                                                                       |
| Antenna gain:        | 1.15dBi                                                                                               |
| Impedance:           | 50ohm                                                                                                 |
| Longs(mm)            | 22                                                                                                    |
| Antenna View:        |                    |

## 2. OTA Test

### 2.1 Gain

| Frequency(MHz) | Gain(dBi) | Polarity   |
|----------------|-----------|------------|
| 2400           | -2.18     | Horizontal |
| 2400           | -0.51     | Vertical   |
| 2442           | 1.15      | Horizontal |
| 2442           | -0.97     | Vertical   |
| 2483.5         | -1.07     | Horizontal |
| 2483.5         | -2.30     | Vertical   |

2.2 Radiation Pattern View
