

Technical index of 433MHz glue stick antenna

Model: HYJ-433-IPEX

Manufacturer: Shenzhen Huasheng Electronics Co., Ltd

Add: 3rd Floor, No. 1-1 Xihu Industrial Zone, Xikeng Community, Yuanshan Street, Longgang District, Shenzhen

Frequency Range(MHz):420-440MHz.

Standing wave ratio V.S.W.R; ≤ 2

Input impedance input impedance (ω 2): 50

Gain(dBi): 2 dBi

Material: phosphor copper.

Antenna Color: white

Interface form Connector Type:IPEX

Remarks: All measurements were performed radiated and therefore additional antenna gain documentation is not required.

Long(mm):110mm*88mm*88mm
