Work with Google's Find Hub

1. Open the app that is pre-installed on the Android™ device : Find Hub;

- * If you are unable to find it, download it directly on the Google Play app.
- 2. After the pop-up window “Find Card” appear, select Connect;
- 3. Select: Accept and continue;
- 4. After assigning a name, the following function is available: Make the device ring: click “Ring”, and the device will play a melody.
- 5. To remove the device: choose “Remove item”.

Work with Apply Find My

1. Open the Find My app on your iPhone and go to the Items tab at the bottom of the screen.
2. Tap the “+” icon, then select **“Add Other Item.”**
3. Bring the device close to your iPhone. When “Find Card” appears, tap **Connect.**
4. Follow the prompts to name your device, choose an emoji, and agree to link the tag to your Apple ID.
5. Tap Finish to complete the setup.

Note:

If the device is powered on but Find Hub cannot detect it, restore the device to factory settings. If it still cannot be found, restart your phone to locate the device.

If you dismiss the Fast Pair™ pop up twice or frequently pair and unpair a tag, you might trigger the banning logic, which prevents unnecessary Fast Pair pop ups. To resolve this, you can either wait for five minutes for the Fast Pair pop up to be re-enabled or reboot your phone.

Some of these steps are applicable only on Android 12 and above.

Use of the Works with Apple badge means that a product has been designed to work specifically with the technology identified in the badge and has been certified by the product manufacturer to meet Apple Find My network product specifications and requirements.

Apple is not responsible for the operation of this device or use of this product or its compliance with safety and regulatory standards.

To use the Apple Find My app to locate this item, the latest version of iOS, iPadOS, or macOS is recommended. The Find Items app on Apple Watch requires the latest version of watchOS.

FCC Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause

undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

 CAUTION	
 HANDLE WITH CARE	 IF DAMAGED <u>LITHIUM BATTERIES INSIDE</u> Do not damage or mishandle this package. If package is damaged, batteries must be quarantined, inspected and repacked. FOR ADDITIONAL INFORMATION CALL: 0086-755-2720 6646

Regulatory Safety Information

WARNING: KEEP BATTERIES OUT OF REACH OF CHILDREN

1. Swallowing may lead to serious injury in as little as 2 hours or death, due to chemical burns and potential perforation of the oesophagus.
2. If you suspect your child has swallowed or inserted a button battery immediately call the 24-hour Poison Information Centre for fast expert advice.
3. Immediately dispose of used batteries and keep away from children. Do NOT dispose of batteries in household trash. Even used batteries may cause severe injury or death. Call a local poison control center for treatment information.
