

Video Walkie-talkie for Kid

D27

Please read this user manual carefully before using the product.

Key Functions and Operations

- ① Camera ② Signal Antenna ③ Volume Up Key
- ④ Volume Down Key ⑤ Display Area ⑥ Power Key
- ⑦ Screen Switch Key ⑧ Sticker Load Key ⑨ Video/Voice Switch Key
- ⑩ Speaker Holes ⑪ Talk Key ⑫ Charging Port

Key Functions and Operations

1、Power On/Off Instructions

- ① When the product leaves the factory, the [Power Key] is in the "OFF" position. Toggle the [Power Key] to turn on the device.
- ② Toggle the [Power Key] to "ON". The product will power on automatically. The [Display Area] will show the image from this unit's [Camera]. Only when the other walkie-talkie is turned on will the [Display Area] show the other party's image.
- ③ Toggle the [Power Key] to "OFF". The product will power off automatically.

Note: When using the product for the first time, please fully charge the product.

2、Intercom Instructions

- ① Toggle the [Power Key] to "ON". The device will power on automatically and display its own image in the [Display Area]. When the other walkie-talkie is powered on, both units will connect automatically and display each other's images.
- ② Hold down the [Talk Key] for voice intercom. This unit uses half-duplex transmission. Only when the speaker releases the [Talk Key] can the other party hold down their [Talk Key] to send voice.

3、Image Display Instructions

Hold the [Screen Switch Key]: Each short press switches a display mode (four modes available).

- ① Default Picture-in-Picture Mode 1 (Local large screen).
- ② Local Image Only Mode 2.
- ③ Remote Image Only Mode 3.
- ④ Picture-in-Picture Mode 4 (Remote large screen).

4、Voice Change Effects Instructions

- ① Short press the [Screen Switch Key] to switch voice change modes.
- ② Available sound effects: Child Voice, Monster Voice, Male Voice, Original Voice.

Note: After power off, the voice change mode will revert to the original voice mode.

5、Volume Adjustment Instructions

- ① Short press the [Volume Up Key] to increase volume.
- ② Short press the [Volume Down Key] to decrease volume.

6、Sticker Usage Instructions

During video intercom, short press the [Sticker Load Key]. A sticker icon will appear in the upper right corner of the screen. During the video call, the other party can see the sticker on the face in the [Display Area]. This function enhances interactivity.

7、Auto Power Off & Standby Instructions

- ① The product will automatically power off after 5 minutes of inactivity.
- ② When not used for an extended period, please toggle the [Power Key] to the "OFF" position.

Specifications

Screen	2.0-inch IPS HD screen
CMOS Image	30W
Battery Capacity	3.7V 450mAH
USB Interface	Type-c
Operating Temperature	-20°C ~ 60°C
Storage Temperature	-30°C ~ 70°C
Language	Multi-language
Communication Distance	150-300M
Power Supply	5V/1.0A
Product Dimensions	137*60*20mm
Package Contents	Walkie-Talkie*2; Lanyard*2; Charging Cable*1

Precautions

- *This product is suitable for outdoor camping, hiking, etc. Avoid prolonged use in areas with strong interference like high-voltage power lines or communication base stations to prevent signal instability.
- *Indoor communication distance is subject to clear voice and smooth image, affected

by walls, partitions, etc. It is recommended to test the signal first.

- *This unit is not waterproof or moisture-proof. Do not use outdoors in rain or expose to liquids. If liquid contact occurs, power off immediately, wipe dry, and air dry in a dry place.

*Do not connect to a power supply exceeding the recommended values.

*Suitable for children over 3 years old.

*It is not recommended to use the walkie-talkie while charging.

*Small parts should not be swallowed.

*Do not place the product near a fire source.

Product Maintenance

- *If there is dust on the body or screen lens, blow it off by mouth.
- *If the body or screen lens is dirty, gently wipe it with a clean, damp cloth.

Battery Safety Supplement

- ① Please use a correct 5V 1A adapter to charge the walkie-talkie. Using a charger with a voltage higher than 5V may damage the battery and prevent the device from starting.
- ② Charging cable output: 5V/1A (Note: This walkie-talkie does not include an adapter; please prepare one separately.)
- ③ Do not disassemble the battery to prevent accidental swallowing (Complies with ISO 8124 safety standard).

FCC Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure statement
The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
