Control Description

Control Description

Power On: When the headset is off, press and hold the power button for 3 seconds. The red and blue indicator lights will flash alternately and a prompt tone will sound.

Power Off: When the headset is on, press and hold the power button for 5 seconds. The red indicator light will remain on briefly and then turn off with a prompt tone.

Bluetooth Connection: After turning on the headset, it will enter pairing mode. Enable Bluetooth on your device and select the headset name from the list of available devices.

Play/Pause: Press the power button once.

Previous Track: Double-press the “-” button.

Next Track: Double-press the “+” button.

Volume Down: Press the “-” button once.

Volume Up: Press the “+” button once.

Voice Assistant: Press and hold the power button for 2 seconds.

Answer Call: Press the power button once.

Reject Call: Press and hold the power button for 2 seconds.

Factory Reset: Press and hold the “+” and “-” buttons simultaneously for 5 seconds when Bluetooth is disconnected.

Chargers and Batteries

Before charging, verify that the charger meets the required specifications. Recommended charger output: DC 5V, 0.25A–0.5A.

Use only approved chargers and accessories. Damage caused by improper charging is not covered under warranty.

The headset contains a built-in rechargeable battery. Do not attempt to remove the battery.

Charging Indicators:

- Red light on: Charging
- Blue light on: Fully charged

Wearing Instruction

Place the neckband behind your neck and position the speakers on the cheekbones in front of your ears for the best fit and sound quality.

FCC Compliance Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Caution:

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC ID: 2BU2X-HBX8PRO
MADE IN CHINA

FCC Warning Statement: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
