2. Scroll to bottom and press Remove Item.
3. Press Remove if you are agreed to the information on the screen.

On Android™

1. Why doesn't the Fast Pair™ popup appear on my phone to add the device?

Try below steps to add device manually to your Find Hub app.

1. Make sure that your phone has Bluetooth and Location turned on.
2. Verify that your phone is connected to a Wi-Fi or mobile network.
3. Make sure your phone is within 0.5 meters (1.6 feet) of the device.
4. Navigate to Settings → Google → Devices&Sharing → Devices → check Scan for nearby Device is ON.

Note: If the device is powered on but cannot be detected by the Find Hub network, restore the device to factory settings. If it still cannot be found, restart your phone to help locate the device.

If you dismiss the Fast Pair pop up twice or frequently pair and unpair a tag, you might trigger the banning logic, which prevents unnecessary Fast Pair pop ups. To resolve this, you can either wait for five minutes for the Fast Pair pop up to be re-enabled or reboot your phone.

Some of these steps are applicable only on Android 12 and above.

Product Features

1. Anti-loss and location finding function
2. Apple MFi certified + Google certified product
3. Supports iOS Find My + Google's Find Hub anti-loss and location tracking platforms
4. No need to download third-party apps

Specification Parameter

Appellation: NODI Locating Lanyard
Model: Compatible with Apple and Android Devices
Function: Locate items using the Find My or Find Hub networks
Battery: CR2032 3V
Material: ABS
Dimension: 35.6 * 35.6 * 11mm.
Rated voltage: 3V
Rated current: ~15mA

Compatible Devices

Applicable to Apple devices with iOS 18.0 or above; Devices running Android 12 and above.

⚠ INGESTION HAZARD WARNING

- **INGESTION HAZARD:** This product contains a button cell or coin battery.
- **DEATH** or serious injury can occur if ingested.
- A swallowed button cell or coin battery can cause **Internal Chemical Burns** in as little as 2 hours.
- **KEEP** new and used batteries **OUT OF REACH OF CHILDREN.**
- Seek immediate medical attention if a battery is suspected to be swallowed or inserted inside any part of the body.

FAQ

1. How do I confirm if the device is powered on?

Double-click the device button. If the device makes a sound, it's working. If it doesn't respond, it's powered off. Press and hold the button for 5 seconds to power it on.

2. How to replace the battery of the device?

1. Use a screwdriver to unscrew the device screws counterclockwise and pry open the housing from the gap.
2. Remove the old battery and insert the new button battery, ensuring that the positive pole is facing upwards.
3. Cover the back cover of the device, tighten the screws, and press and hold the power button for 5 seconds to complete the startup.

3. How is the device designed to discourage unwanted tracking?

If any Find Hub network accessory separated from its owner is seen moving with you over time, you'll receive unknown tracker alert on your phone which tells you how to find it, disable it and what to do next.

Safety Statement

WARNING: KEEP BATTERIES OUT OF REACH OF CHILDREN

Swallowing may lead to serious injury in as little as 2 hours or death, due to chemical burns and potential perforation of the oesophagus.

If you suspect your child has swallowed or inserted a button battery immediately call the 24-hour Poison Information Centre for fast expert advice.

Immediately dispose of used batteries and keep away from children.

Do NOT dispose of batteries in household trash.

Even used batteries may cause severe injury or death.

Call a local poison control center for treatment information.

KEEP BATTERIES OUT OF REACH OF CHILDREN

Keep in original package until ready to use. Call a local poison control center for treatment information. Verify suitable emergency call numbers for your country. Do not use if the compartment is not secure. Dispose of used button batteries promptly and safely. Flat batteries can still be dangerous.

EU Battery-Disposal Information

The symbol above means that according to local laws and regulations your product and/or its battery shall be disposed of separately from household waste. When this product reaches its end of life, take it to a collection point designated by local authorities. The separate collection and recycling of your product and/or its battery at the time of disposal will help conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment.

- a) Remove and immediately recycle or dispose of used batteries according to local regulations and keep away from children. Do NOT dispose of batteries in household trash or incinerate.
- b) Even used batteries may cause severe injury or death.
- c) Call a local poison control center for treatment information.
- d) Battery type: CR2032.
- e) Nominal battery voltage: 3 V.
- f) Non-rechargeable batteries are not to be recharged.
- g) Do not force discharge, recharge, disassemble, heat above 60 °C or incinerate. Doing so may result in injury due to venting, leakage or explosion resulting in chemical burns.
- h) Ensure the batteries are installed correctly according to polarity (+ and -).
- i) Remove and immediately recycle or dispose of batteries from equipment not used for an extended period of time according to local regulations.
- j) Always completely secure the battery

compartment. If the battery compartment does not close securely, stop using the product, remove the batteries, and keep them away from children.

- k) Do not mix old and new batteries, different brands or types of batteries, such as alkaline, carbon-zinc, or rechargeable batteries.

Risk of fire and burns. Do not recharge, disassemble, heat (-20°C +70°C) or incinerate.

FCC Caution

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

Use of the Works with Apple badge means that a product has been designed to work specifically with the technology identified in the badge and has been certified by the product manufacturer to meet Apple Find My network product specifications and requirements.

Apple is not responsible for the operation of this device or use of this product or its compliance with safety and regulatory standards.

Apple, Apple Find My, Apple Watch, Find My, iPhone, iPad, iPadOS, Mac, macOS and watchOS are trademarks of Apple Inc. IOS is a trademark or registered trademark of Cisco in the U.S. and other countries and is used under license.

To use the Apple Find My app to locate this item, the latest version of iOS, iPadOS, or macOS is recommended. The Find Items app on Apple Watch requires the latest version of watchOS.

This product has been certified by Google to meet Find Hub network accessory specifications. Google is not responsible for the operation of this product. Google is also not responsible for ensuring that the product complies with any applicable safety standards or other requirements.

Google, Android, and Find Hub are trademarks of Google LLC.

Find Hub network requires location services and Bluetooth to be turned on. Requires cell service or internet connection. Works on Android 9+ on select devices [devices or phones] and in certain countries for age-eligible users.

ISED Compliance Statements
This device contains licence-exempt transmitter (s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:
(1) This device may not cause interference.
(2) This device must accept any interference, including interference that may cause undesired

operation of the device.
L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :
(1) L'appareil ne doit pas produire de brouillage;
(2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
ISED Radiation Exposure statement
This equipment complies with IC RSS-102 radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
Cet équipement est conforme aux limites d'exposition aux radiations IC CNR-102 établies pour un environnement non contrôlé. Cet émetteur ne doit pas être colocalisé ou fonctionner en conjonction avec une autre antenne ou un autre émetteur.
