

PVMP

USER MANUAL

PVMP RUCKUS

Please read this manual before using the speaker.

Made in China

KEY FEATURES

- Two wireless handheld microphones included — ready for duets right out of the box.
- 10–30W portable sound, sized to grab and go.
- Rechargeable battery with 3 to 6 hours of playtime.
- Simple Wireless 6.0 pairing, plus TF card, USB drive, and AUX-in playback.
- Compact storage slot on the back of the speaker to keep both microphones together.

GETTING STARTED

Power On / Off

Long press the Power button to turn the speaker on. Long press the Power button again to turn it off.

Wireless Connection

When the speaker powers on, it automatically enters wireless pairing mode. On your phone, open your wireless device settings and search for “PVMP RUCKUS” to connect.

Music Playback

- Play / Pause — short press to pause the music, short press again to resume.
- Previous Track — short press “–” to skip to the previous song.
- Next Track — short press “+” to skip to the next song.
- Volume — long press “–” to decrease the volume, long press “+” to increase it.

Mode Switch

The speaker starts in wireless mode when powered on. Insert a TF card or USB drive, or connect a cable to the AUX-in port, and the speaker will automatically switch to that source.

Light Mode

Press the Light button to cycle through the built-in light effects. Long press the Light button to turn the lighting off.

MICROPHONE INSTRUCTIONS

- Power — long press to turn the microphone on or off. Double press the power button to pause/play music
- “+” — short press to increase microphone volume. Long press to skip to the next song.
- “–” — short press to decrease microphone volume. Long press to skip to the previous song.
- Mic Effect button — Press the mic button one time to switch off/on the original vocal of the music. Long press to cycle through the additional built-in effects.

FCC ID: 2BU95-RUCKUS-M, IC: 184A-RUCKUSM, HVIN: PVMP RUCKUS MIC

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation

This device has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This device generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this device does cause harmful interference to radio or television reception, which can be determined by turning the device off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the device and receiver.
- Connect the device into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions: (1) This device may not cause interference. (2) This device must accept any interference, including interference that may cause undesired operation of the device

Cet appareil contient des émetteurs / récepteurs exemptés de licence conformes aux RSS (RSS) d'Innovation, Sciences et Développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes : (1) Cet appareil ne doit pas causer d'interférences. (2) Cet appareil doit accepter toutes les interférences, y compris celles susceptibles de provoquer un fonctionnement indésirable de l'appareil

RF warning for portable device:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

L'appareil a été évalué et satisfait aux exigences générales en matière d'exposition aux RF.

L'appareil peut être utilisé dans des conditions d'exposition portables sans restriction.
