REV.	DATE	DRAWN	DESCRIPTION OF CHANGE	CHECKED	APPROVED

NOTE:

1. PET optical film, thickness 0.1mm, single - sided adhesive - backed
2. Five "X"s represent hexadecimal numbers;
The first "X" starts with the digit 0, and the subsequent four "X"s are the serial number in hexadecimal format, ranging from 0000 to FFFF.
The specific range shall be provided by Ryder. When the serial number reaches FFFF, a carry - over shall occur, and the first "X" shall be incremented by 1 on the basis of the previous digit. The serial numbers of the two labels with serial numbers in the next line must be identical.
3. Please ensure that the supplier holds a valid UL production certificate.
4. Label rating: UL94 V2
5. For the specific printing font, refer to the AI printing file; the incoming material form is shown in the figure above.
- * 6. The EUI number in the QR code must be consistent with the text EUI number.
