

FUTURE INTELLIGENCE TECHNOLOGY SINGAPORE PTE. LTD.

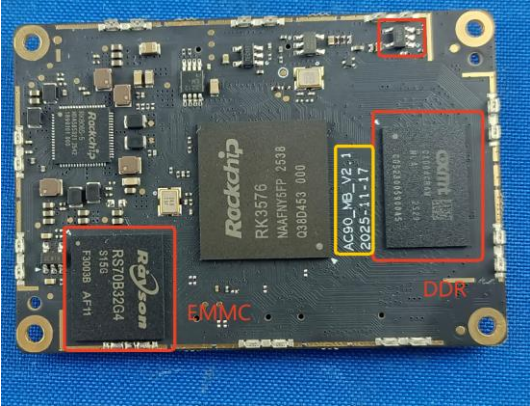

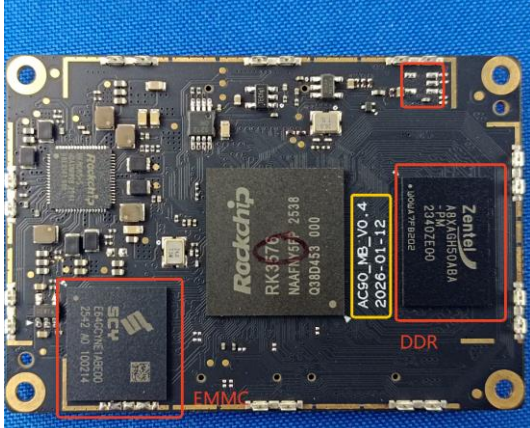

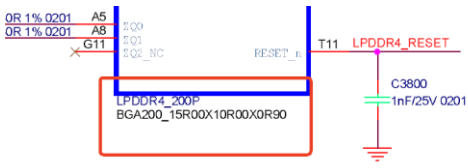

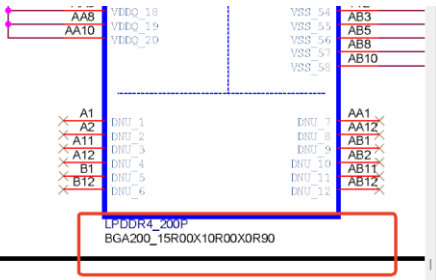

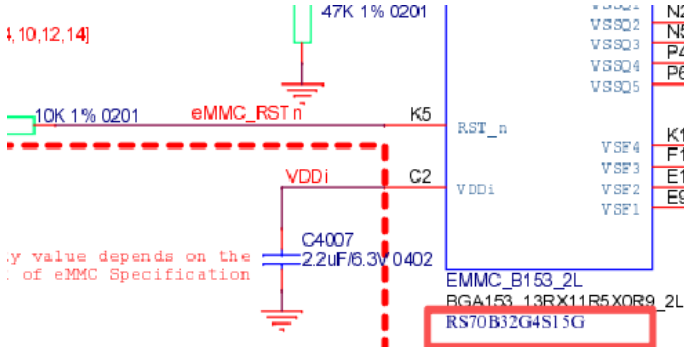

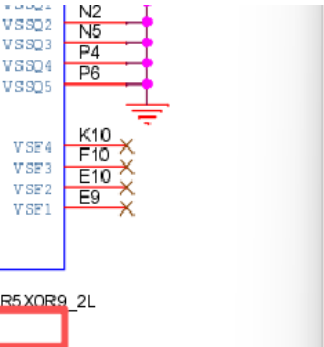

Declaration of Product Modifications

Date: May 26 2026

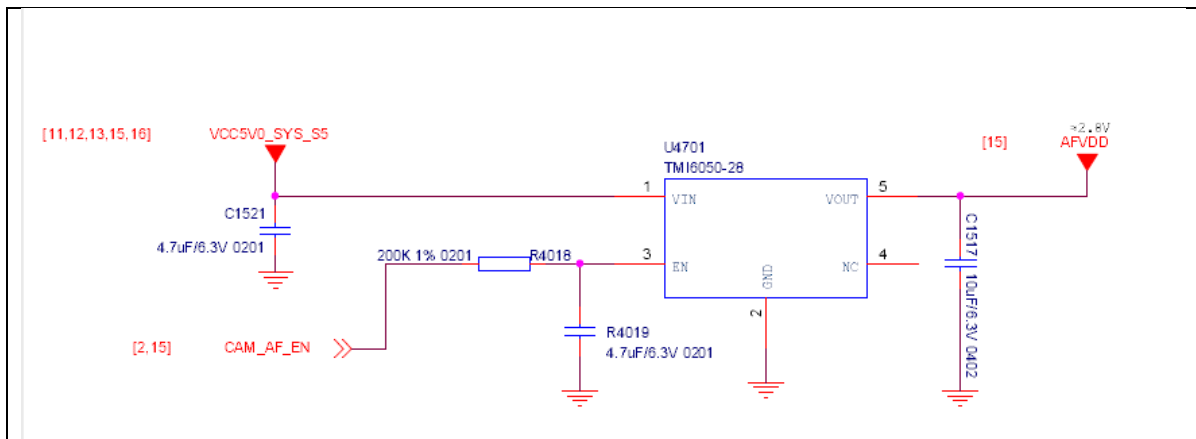

This is to request a Class II permissive change for FCC ID: 2BUEC-VI-R01 originally granted on 04/02/2026.

The major change filed under this application is:

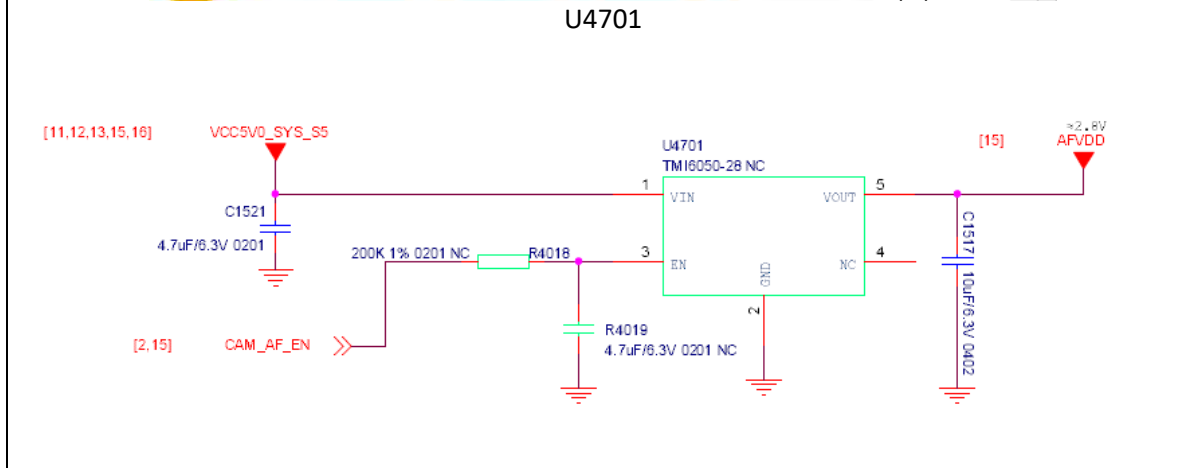

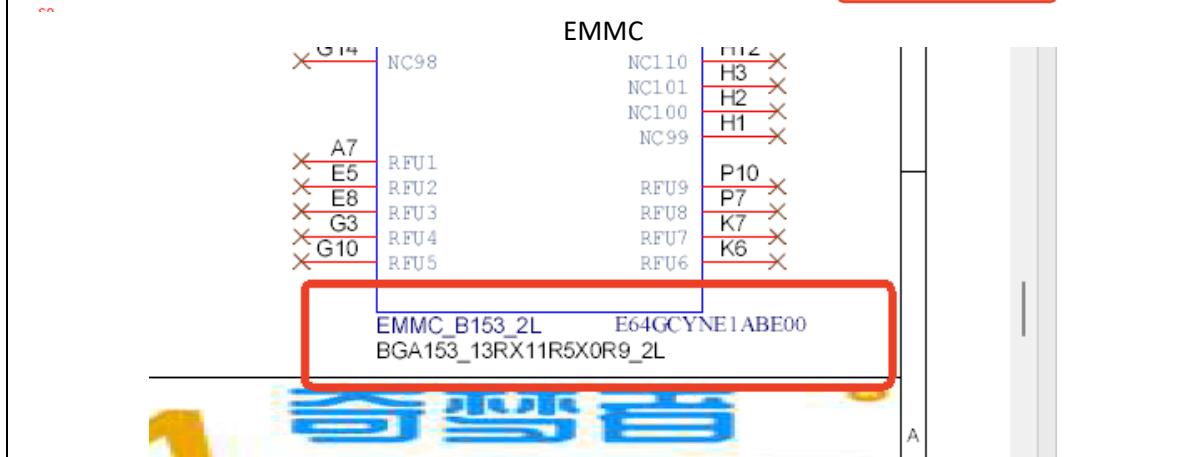

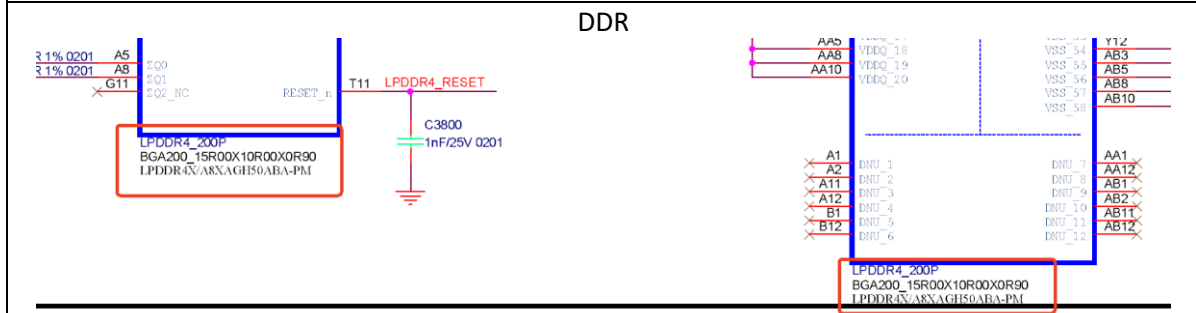

Updated the second supply DDR, EMMC and Remove the power supply for the camera zoom motor(Disable the power supply for the camera zoom motor. It was originally set up as a backup, but now it has been removed. This does not affect the functionality.) , And updated the internal photos. After evaluation, tests were conducted on Emissions in frequency bands (below 1GHz) item. The original test data is not affected.

Internal Photos	
Original EUT	New EUT
	
SCH	
Original	
DDR  	
EMMC  	

U4701

New

Note: The above changes only concern the modifications to the non-radiative circuit boards and have no impact on the RF components.

Sincerely,

(Signature)
