6. Summarize

The bandwidth of the antenna covers 5.65 to 5.86 GHz;

Individual antenna gain around 5.0dBi;

Antenna H-plane (wide-plane) -3db beamwidth $\pm 60^\circ$ without fluctuation, E-plane

(narrow-plane) -3dB beamwidth $\pm 60^\circ$;

Transceiver antenna isolation of the worst -20dB, in line with the requirements;

Manufacturer Company Name: Shanghai Zhenyi Communication Technology Co., Ltd.

Manufacturer Address: 1st Floor, Building 3, No. 888, Cenghai Road, Chenjia Town,
