SUBJECT: Multi-Model Coverage Declaration
FCC ID: 2BUPX-OLERA

To Whom It May Concern:

Distek, Inc. hereby certifies that the devices marketed as:

- OLERA Select
- OLERA Plus

are electrically identical with respect to the NFC transmitter circuitry operating at 13.56 MHz.

Both models incorporate the same NFC hardware design, antenna structure, PCB layout, and RF operating characteristics. Any differences between the Select and Plus configurations are limited to non-RF functional features and do not affect transmitter performance, emissions, or compliance.

Accordingly, this FCC certification filing under FCC ID 2BUPX-OLERA is intended to cover both OLERA Select and OLERA Plus models.
