Product Configuration

Product Name: Dxi(Soft White)

Product Model: LUNA-A01

Material: Liquid Silicone, ABS, Metal

Dimensions:

163*35*36.8mm (Main Body)

75*74*59.2mm (Butterfly Ball)

Weight:

51g (Main Body)

130g (Butterfly Ball)

Battery Type: Polymer Lithium Battery

Battery Capacity: 150mAh

Rated Voltage: 3.7V

Charging Current: 120mA

Charging Time: 1.5 hours

Usage Time: ≥ 40 minutes

Smart Mode: Pressure Sensing

Waterproof Rating: Life Waterproof

Product Description

Function	Operation	Indicator
Power on the product	Press and hold the button for 1.5S to enter standby mode	LED flashing
Vibration mode switch	Single click the button to cycle through 10 vibration modes	Vibrator on, LED steady on
Pressure sensing mode	Double click the button to connect, automatically linking with the app	Not connected to APP: The stronger the pressure, the stronger the intensity; no pressure means it does not work Connected to APP: Changes dynamically with the app's story
Power off the product	Press and hold the button for 1.5S to power off the product	LED off
Low battery indicator		LED flashes three times and then powers off automatically
Charging indicator		LED flashing
Charging complete		LED steady on

*The product cannot be powered on while charging, and charging automatically shuts off when powered on.

Universal reverse page

APP Download

Use with the APP to unlock a more immersive experience.

Search for "Moonlight Cocoon" in the APP store to install directly, or scan the QR code below.

After opening the APP, go to the Bluetooth settings page and follow the prompts to connect the hardware product.

During use, please ensure that the APP maintains a normal Bluetooth connection with the product.

Safe Use

Do not use sharp objects to scratch or pierce the body.

Be sure to clean thoroughly before and after each use, and store it dry.

Do not use in high-temperature, humid environments, saltwater, or seawater to avoid malfunction.

Do not soak the product in water for long periods or steam clean the product.

This product supports regular cleaning and rinsing, but is not designed for underwater use and should not be rinsed in strong water flow environments.

Do not rinse or immerse the machine in water deeper than 30cm to avoid product malfunction.

Do not use when fatigued, intoxicated, or in a state of physical discomfort.

Avoid dropping, hitting, or squeezing the product to prevent internal malfunctions.

Do not use cleaning products such as organic solvents, stain removers, alcohol, or hot water.

This product should be stored in a cool, dry environment, away from sunlight and other heat sources.

If you feel any abnormal sensations in your body while using, please stop using immediately and seek medical attention.

If the product malfunctions or shows abnormalities, please turn it off immediately.

(This product is only suitable for adults over 18 years old. Please pay attention to hygiene and do not share with others.)

Precautions

Do not disassemble, repair, or modify the product by yourself.

For those using medical electronic devices such as artificial heart pacemakers, pregnant women, or individuals receiving treatment from a physician for other illnesses, please consult a physician before using this product.

Please store this product in a place out of reach of children to avoid the risk of swallowing parts or detachable components.

One Year Warranty

The product warranty period is 1 year from the date of purchase. Any issues arising from manufacturing or material defects are covered under the product warranty.

The warranty mainly covers damages caused by quality issues of the product itself (excluding wear and tear from long-term use or

damages caused by incorrect operation, storage, transportation, or abnormal use).

Do not disassemble or damage the product, otherwise, you will not be able to enjoy free warranty service.

When applying for warranty service, please provide reasonable proof of purchase within the warranty period and keep the product manual and purchase receipt safe.

Disclaimer

This product is an electronic product and may pose risks if used improperly.

If you have any questions during use, please refer to the product manual or consult customer service.

LunaKoru will not bear any legal responsibility or obligations for direct or indirect damage to the body/non-body caused by improper use not following the product manual.

FCC Warning Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1)This device may not cause harmful interference, and

(2)This device must accept any interference received, including interference that may cause undesired operation.

IC Warning Statement

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:
(1) This device may not cause interference.
(2) This device must accept any interference, including interference that may cause undesired operation of the device.

Radiation Exposure: This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment.
IC Radiation Exposure Statement
The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Déclaration d'ISED Canada:
Cet appareil contient des émetteurs/récepteurs exemptés de licence qui sont conformes aux RSS exemptés de licence d'innovation, sciences et développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes:
(1) ce dispositif ne peut pas causer d'interférence.
(2) ce dispositif doit accepter toute interférence, y compris l'interférence qui peut causer un fonctionnement indésirable du dispositif.

Exposition aux radiations: Cet équipement est conforme à la réglementation canadienne sur les radiations. limites d'exposition établies pour un environnement non contrôlé.
Déclaration d'exposition aux radiations IC
L'appareil a été évalué pour répondre aux exigences générales d'exposition aux RF. L'appareil peut être utilisé sans restriction dans des conditions d'exposition portables.
