FCC Class II Permissive Change Request Letter

3/11/2026

Nemko Canada Inc
303 River Road
Ottawa
K1V 1H2
Canada

ATTN.: Reviewing Engineer

FCC ID: 2BUSOM-BOT-2450

We hereby request C2PC Certification for the above mentioned FCC ID.

The reason for this request is:

- There is no change of Hardware and Software, The EUT for this Class II permissive change is identical to the Initial EUT.

However, a dipole antenna has been added. Therefore, additional RF and SAR testing has been performed.

- The SAR Test was performed in the Host device.

The original approval requirement was for a mobile device at a 25 cm distance, but testing was changed to a portable device at a 0.5 cm distance.

Sincerely,

A handwritten signature in black ink, appearing to be 'Vin, Yu', written over a light gray rectangular background.

Signed:

Printed name: Vin, Yu
Title: Research Engineer
