

MYE-H01

Thank you for purchasing
this product!

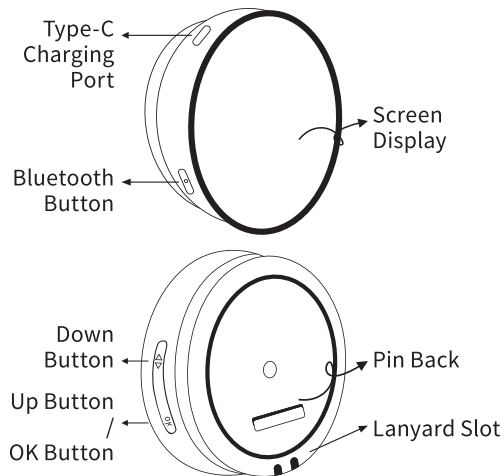

Please read this manual carefully before
use. Keep it properly for future reference.

VivaMark APP

Please download the
APP before use.

Get to Know Your E-Badge

Power On / Off

- Press and hold the OK button for 3 s to turn on/off.

Transfer Images via Bluetooth from Phone

- Scan the QR code to download VivaMark app.
- Tap the bluetooth button to enter pairing mode. Open the app and tap the connection status button to pair.

Screen Operations

- Swipe left / right to switch images.
- Swipe down from the top to enter menu.
- **Power saving icon:** Toggle between always on / sleep mode (enters sleep mode after 10 minutes of inactivity).
- **Delete icon:** Delete images (swipe left / right to switch images before deleting).
- **Flashlight icon:** Enter Cheer Light mode.
- **Brightness icon:** Adjust brightness (use up / down button to change the brightness level).

Cheer Light

- Pull down the menu and tap the flashlight icon.
- Swipe up / down to select a color. Tap to switch flashing effects.
- Swipe from right to left to start the color cycle mode. (Swipe again to stop.)
- Swipe from left to right to exit.

Clock

- Tap the clock icon to enter clock display.

Share Images Between Devices (within 10m)

- Device A: Press and hold the bluetooth button.
- Device B: Press the bluetooth button twice quickly.
- Press the bluetooth button to receive images.

Precautions

- Usage time is affected by brightness settings. Adjust reasonably.
- Transfer times will be longer for video and GIF files due to their larger size.
- The bluetooth range (within 10m) may be reduced by walls or obstacles. Avoid long-distance use.

Troubleshooting

- Bluetooth connection fails: Restart the device and app, refresh pairing, and ensure the phone bluetooth is on.
- Content not displaying: Re-upload files or check if memory is full.
- Buttons unresponsive: Press and hold the OK button for 10 s to force restart.

FCC Caution:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
