

Permissive Change Request

Federal Communication Commission

Equipment Authorization Division, Application Processing Branch

7435 Oakland Mills Road

Columbia, MD 21048

Request for Permissive Change

We, DAP B.V., hereby request a permissive change pursuant to CFR § 2.1043 as follows.

Original application granted on 04/01/2026 for FCC ID: 2BUX7-BAR400

Reason: Adding model BAR700 under this application.

The changes listed below are considered with no impact to specifications of the transceivers shown below or degradation to currently approved radio parameters filed under this application.

- newly added model BAR700 contains the exact same intentional radiator (DXX)

Changes:

1. Differences are described in document: Differences in SCH between BAR400 and BAR700 for KIWA v2-PF65ENE5-DA. There is no change to DXX.
